

1.

Mr. Sunil Rathod

**M. Pharmacy (Quality Assurance Techniques)
(2020 Graduating batch)**

I am very thankful to the faculties of the institute providing a learning atmosphere to all the students. The various activities conducted by the institute helped me to polish my skills. I was successfully placed as an Apprentice in Sanofi Pharmaceuticals through campus placement. I owe my success to institute, faculties and T & P cell. They provided me with all the necessary knowledge and prepared me thoroughly for interview process. I am sure the learning experience at DYPCOP will help me succeed in the industry.

2.

Pragya Gigoo (2019 graduating batch)

I am Pragya Gigoo, currently working as a Research Associate at Fortune Business Insights. Dr.DY Patil College of Pharmacy offers a very great study environment and it proved to be a pool of opportunities for me. It not just provides us with various platforms to showcase our abilities and skills but also helps us to learn soft skills which are highly required. We get training on interview skills, communication skills, life skills, and much more. I wholeheartedly thank our training and placement cell for their constant support.

3.

Shubhangi Desai (2019 graduating batch)

Throughout my four years of B.Pharm at DYPCOP, Akurdi, I had countless opportunities to develop analytical skills, leadership and proactive thinking through various seminar and conferences and also with the proper guidance of my teachers. These attributes were the key reasons because of which I was successfully placed in Tata Consultancy Services. Big thanks to all my faculty and friends for the amazing journey at the college.

4.

Pragya Choudhary (2019 graduating batch)

I am glad to share that the college has an active Training & Placement Cell and like every year, this year also many reputed companies visited for Campus Recruitment. College has provided me with the best resources and training to groom my personality which helped me to clear my interview. I am placed in Sanofi, Goa for the post of Trainee Production and Quality Assurance. Thanks to all the faculty for providing the necessary guidance and support.

5.

Akanksha Sahay (2019 graduating batch)

I would like to thank our college for their immense support and guidance which helped me in facing the Campus recruitment process with confidence. College conducted various classes and seminars to boost our confidence and conducted various mock interview sessions. I got selected in Advantmed ltd.

6.

Akshada Liman (2019 graduating batch)

I thank my professors for their constant encouragement and support. During my B.Pharma, they challenged and pushed me to be better and creative in my projects because of which I now have enough confidence to tackle any problem. The Training & Placement Cell also provided many opportunities for better placements. Participation in technical workshops helped me to prepare for interviews. I secured my dream job as a medical coder at Advantmed ltd.

7.

Vaibhav Isaye (2019 graduating batch)

DYPCOP, Akurdi is a place where you can find an amalgamation of learning, fun, culture, lore, literature and many learning activities. I am thankful to the faculty and training and placement cell, for providing me a platform to enhance and upgrade my skills. As a result, I got successfully placed in a reputed organisation during the Campus Recruitment Process of Cadila Pharmaceuticals.

8.

Mr. Sanket Chandurkar (2018 Graduating Batch)

I had joined this prestigious institution in 2014. I am grateful to the faculties who helped me throughout my academic career. The placement cell has given me an opportunity to work with Advantmed India LLP as Senior Medical Coder, Operation Department. I dedicate this success to my parents and my college faculty members.

9.

Ayesha Abdul Rahiman Shaikh (2018 graduating batch)

The four years at D Y Patil College of Pharmacy have been excellent and memory to cherish for lifetime. The exposure given here makes me better person to face the challenges of the corporate world. I would like to convey my gratitude to the college and T&P cell of the college for their help in building my career in Advantmed. They always provide me the assistance I required for my overall development and to improve my knowledge. I got placed before the end of my final semester. Faculty members are putting all efforts to groom us and make us ready to join the challenging corporate world. Whatever I am today in my professional life is because of the immense support and timely guidance of the faculty members. I am delighted to be a part of this institute.

10.

Shivani Chaudhari (2017 graduating batch)

While pursuing my B. Pharmacy degree the Communication Skills and Personality Development Training sessions helped me to realise my potential and work on my skills, which were very helpful in making me stand out from the crowd. I got placed in Emcure Pharmaceuticals, Pune. I am thankful to the Training and Placement team of DYPCOP for providing an opportunity.

11.

Ms. Aboli Devidas Jawale (2017 graduating batch)

I Ms. Aboli Devidas Jawale was placed in Kaythree Healthcare Pvt. Ltd. Being graduated from DYPCOP gives me an immense pleasure and after my graduation I could see lots of changes in infrastructure, especially teaching methodology department has improved a lot and all the labs have also improved. The exceptional programs and teaching methodologies backed by practical skills and industry interface has given me the confidence to pursue my career ahead. The college environment provides us a platform where we can develop ourselves uniquely (personally and professionally). Currently I am working with an Multinational Company GlaxoSmithKline pharmaceuticals (GSK) as an Medical Business Associate. I wish continued success to the college and current students who I am sure will find great careers in their choosen professional areas.

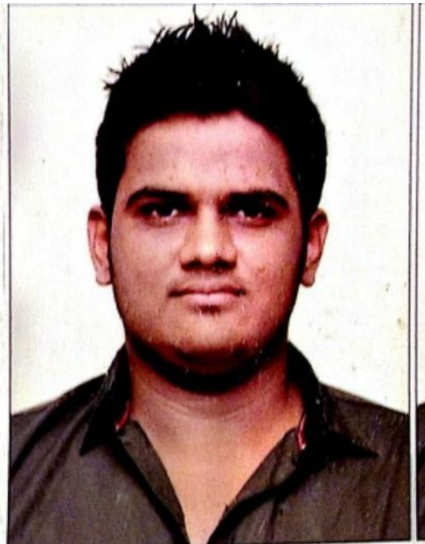

12.

Komal Kailash Pardeshi (2017 graduating batch)

I graduated from DYPCOP, Akurdi and post graduated from one of the reputed colleges in Pune. Recently I joined at a contract research organization wherein I faced an interview by Malaysian regulatory auditor. Interview went phenomenal. I was appreciated by head of all departments and the auditor as well for my confidence level, way of expressing thoughts. Personality development sessions of college helped me a lot in all this. Thank you very much.

13.

Mr. Rohan Suhas Kulkarni, LLB (2017 graduating batch)

Some of the great philosophers always narrate that “Success is not final, failure is not fatal: it is the courage to continue that counts”, and this success is far more difficult to achieve without being educated. As, an investment in knowledge pays the best interest.

In the similar manner DYPCOP helped me to invest my right skills and knowledge which immensely assisted me in becoming an aspiring human and achieve my dreams. The training and Placement cell conducts various Personality development sessions which has been helped me to groom my persona. Today, when I stand in front of the court to argue over my case I have the confidence build in me and the entire credit will be given to the teachers of DYPCOP. I would always owe by gratitude to my alma mater.

In the end it just matters how u fulfill your dreams so, stay confident, take responsibilities and dare to do what gives you a sense of fullness !!!!

14.

Ms. Shrushti Kambale, (2017 graduating batch)

Being an introvert it was a task to me to open up in my college life. I would hardly even speak with my classmates, but as time passed it worked out gradually. I would specially like to thank T&P Cell for conducting Personality Development sessions. The sessions helped me throughout and are useful in my professional life as well. How a Pharma Industry works I got to know in Alkem, Baddi, Chandigarh which was our study tour

conducted in January 2017 by our faculty. Little do we know the reason behind it, but our teachers wants us to be the best versions of ourselves, be in whatever aspect.

I would like to thank each and every faculty who has guided me in this 4 years journey. Immense gratitude.

15.

Ms. Sushmita Rajan Yelve (2017 graduating batch)

Junior Research Fellow, Institute of Chemical Technology.

As the famous quote stated by Mr. Nelson Mandela goes “Education is the most powerful weapon which you can use to change the world”. As it helps a human to become dutiful and helps us to acquire new skills and knowledge that will impact our development in life.

In the same context DYPCOP has created a fruitful impact on my life which helped me to groom my journey from being an aspiring teenager to becoming an ambitious, curious, research oriented aspirant.

I present my wholesome gratitude to T&P Cell for arranging sessions on personality grooming which helped me to face the corporate world. Also the research oriented environment provided by all our professors has helped to bud that curious mindset in me and reach the current position in my life. As I gracefully culminate the 4 years spent here, it feels humbling to be a part of such a distinguished institute. I am sure the upcoming batches of DYPCOP will continue the legacy and strive to make us all proud.

Gracious!!!!
