Field Visit to Nulife

Training & Placement Cell

Type of Program	Industrial Visit of B. Pharm & M. Pharm Students
Date	10th Sept. 2022
Place	NuLife Pharmaceuticals, Pimpri, Pune
Objective & Description	<p>The main objective of visits is to improve students' professional skills and knowledge regarding the manufacturing of pharmaceutical products in the industry and the packaging of goods by the certified guidelines of WHO & GMP. An industrial visit was carried out for the Third year and Final year M. Pharm students at NuLife Pharmaceuticals, Pimpri, Pune. A total of 20 students were present along with 2 faculty members: Dr. Pallavi Chaudhari and Dr. Sonali Mahaparale. The training Manager and the officials of the industry of the particular unit explained to our students about the various department and the processes carried out under each department in detail. The students had good interaction with them. They briefed the details of GMP & WHO certified guidelines for manufacturing, also special guidance on pharmaceutical Tablets, Liquid orals and external Preparation.</p> <p>It was a very informative learning experience for students and faculty members.</p>
Po's Attained	1, 2, 3, 4, 6, 11
No. of Students Beneficiaries	20

Dear Sir/Madam,
As per discussion with Ms. Nirvi Gandhi, regarding industry visit at Nulife, we had sent list of 20 students (10 UG and 10 PG) for the proposed visit

Please find the list attached for your reference

Faculty to be present for the visit are :

1. Dr.(Mrs.) Pallavi M.Chaudhari
2. Dr.Revan Karodi

So, can you let me know about the date of visit

Thanking
You,
Regards
Dr.(Mrs.) Pallavi M. Chaudhari

VISION-

To Impart Quality Education to the Students and Mould them into Proactive Multifaceted Pharmacists

MISSION-

To Establish a Center of Academic Excellence and Research in Pharmacy Education and thereby Produce Professionally Competent and Ethically Sound Pharmacists to Cater the Needs of the Global Society.

Program Educational Objectives (PEOs)-

After graduation students will

1. Reflect critical thinking and problem solving skills through their Pharmaceutical knowledge, expertiseand competency in industry,higher studies and research.
2. Practice ethics and values in their profession
3. Contribute effectively in various fields of social healthcare system.
4. Inculcate leadership and entrepreneurship capabilities through effective communications, appropriate time management and self up gradation.

Dear Sir / Madam,

Please refer to your trailing email & above subject for Industrial visit. We would like to inform you that we will be conducting Industrial Training for **20 Students only**.

Details as under :

Date of Training : **On Saturday, 10th Sept., 2022**

Timing : From 10.00 am to 1.00 pm

Students should carry pen, notebook, apron & wearing mask is compulsory. Maximum student should be only 2 Faculty + 20 Students.

Kindly acknowledge receipt of the same & confirm your attendance **by 08.09.2022 only at Email ID**contactus@nulifepharma.com as we have to make necessary arrangement.

Thanks & regards,

Subject: Request for visit National Cell Microbial Research (NCCS-NCMR), Pune

Dear Sir,

Greetings from Dr. D. Y. Patil College of Pharmacy, Akurdi!
Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune was established in the year 1999 (www.dyppharmaakurdi.org). Within a short span, the college has emerged strongly in the field of Pharmacy, with the help of the State-of -the-Art infrastructure and experienced faculty. Currently, it offers Diploma, Under Graduate (B. Pharm and Pharm. D), Post Graduate and Doctorate courses in Pharmacy and is permanently affiliated to Savitribai Phule Pune University.

The college is NBA accredited twice and is a recipient of Platinum Rank by AICTE-CII survey. Also, the college has secured all India positions in the first 75 colleges since the last two years in the National Institute Ranking Framework (NIRF).

Apart from our total commitment to quality and excellence in academic pursuits, we also groom our students for overall personality development. In addition, periodic visits to the Pharmaceutical industries and interactions with various stalwarts from academia as well as industry are arranged.

As a part of curriculum and for overall development and personality grooming of the students along with academics we conduct Educational Tour once in four year for every batch. In this regard, I request you to allow our students (Total 16 students & 04 faculties) to visit your center.

The contact person for further process is Dr. Revan Karodi (Contact No: 9860196088) to furnish any other details.

We look forward for a continued association with your esteemed organization

VISIT TO THE NATIONAL CENTRE FOR MICROBIAL RESOURCE [NCMR] –

Activity: NCMR Visit

Location: NCMR, Pashan, Pune

Date: 28/02/2022

Report:

DYPCOP Students Visited to NCMR, Pune

A Visit to NCCS was organized by Dr. D. Y. Patil College of Pharmacy on occasion of National Science Day 2022.

The visit was very interesting and informative. We students got to learn many new things and apart from the theoretical knowledge of microbiology, we got practical knowledge as well.

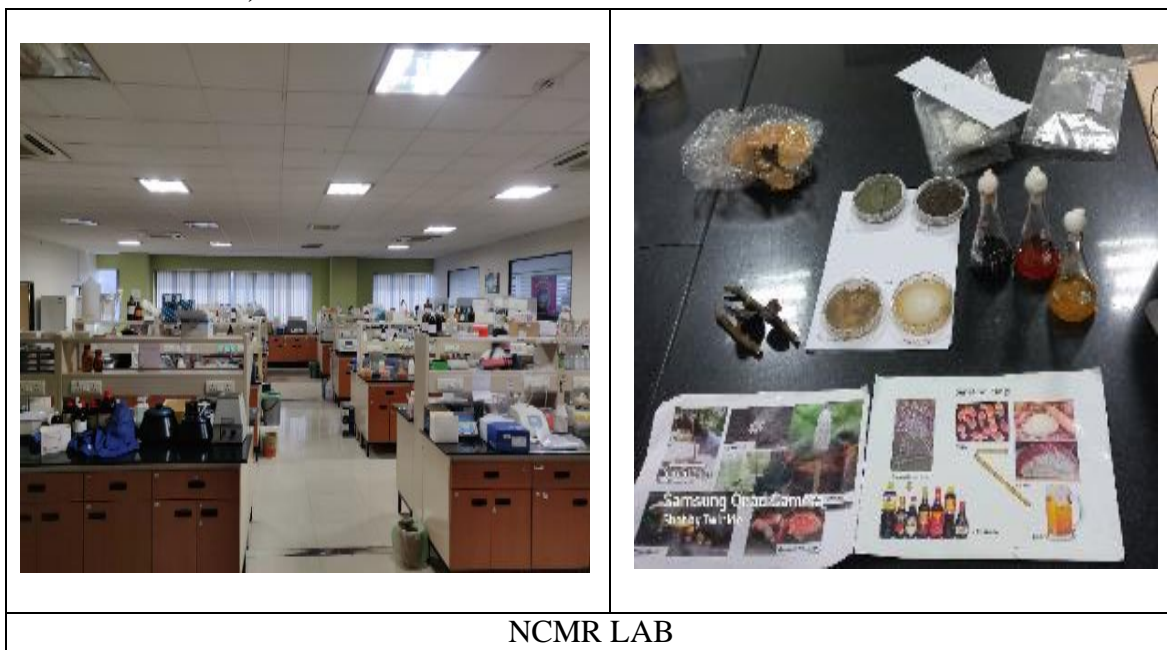

About NCCS-

The National Centre Microbial Resource [NCMR], is a national facility funded by the Department of Biotechnology [DBT], Government of India.

NCMR is affiliated to National Centre for Cell Science, Pune, India and is an affiliate member of the World Federation for Culture Collections (WFCC) and is registered with the World Data Centre for Microorganisms (WDCM, registration number 930). The main objectives of NCMR are to act as a national depository, to supply authentic microbial cultures and to provide related services to the scientific community working in research institutions, universities and industries. NCMR was recognized by the World Intellectual Property Organization (WIPO), Geneva, Switzerland as an International Depository Authority (IDA) on April 2011. The deposit of

microorganisms under the Budapest Treaty is recognized to fulfil the requirement of patent procedure in 55 member countries. The Ministry of Environment and Forests, Govt. of India has designated NCMR as a National Repository for microorganisms under the Biological Diversity Act 2002 vide its Order No. 26-15/2007-CSC dated 8th July 2013 NCMR scientists are actively involved in research programmes in microbial diversity, metagenomics, ecology and taxonomy using both classical and molecular approaches.

Objective- The main objective of NCMR is to act as a national depository, supply authentic microbial cultures and provide related services to the scientific community working in research institutions, universities and industries.

Dr. Avinash sir greeted and welcomed the entire team of DYPCOP to the NCMR lab. Dr. Marja Joshi Mam explained the facility and brief us on the entire work done under the organization. After that, she took us to the various stations of the lab where different activities were being performed.

We saw the Chemstation for GC which works on cell membrane fatty acid profile. It works on a previously loaded Sherlock database.

[Back to Summary](#)

We observed VITEK Machine very well explained by sir over there. It is useful for preparing clinical reports and checking antibiotic susceptibility.

Next, we observed MALDI-TOF-MS very well explained by Mitesh sir. It is useful in the identification of bacteria based on protein profiles by unique protein sequences. In one single plate, 384 samples can be run.

BIOLOG MicroStation was explained by Sonia Thite ma'am. It is useful in detecting environmental samples. Tetrazolium dye is used for this. 5 different types of eco plates are used for this.

We also visited the Phototropic lab of the facility. There were a number of aerobic and anaerobic bacteria stored in the lab. Prachi mam explained every single detail regarding the bacteria.

PHOTOTROPIC LAB FACILITY IN NCMR

One of the interesting sections was the Fungus lab where Mustafa sir and Gajanan Mana sir explained the use of fungus in preparing medicines. For ex- Use of penicillium.

The most interesting part of the visit was the DNA Sequencing lab. Dr. Abhishek Gupta sir explained the Sanguir Sequencer amazingly well. There are two types of machines – 48 capillary and 96 capillaries. There were 2 platforms – Illumina and Ion to ion.

PHOTOTROPIC LAB FACILITY IN NCMR

At Last, visit to the IDA room where all the documentation work is done by the Budapest treaty under WIPO. Since the data therein is confidential, they could not let us inside.

Subject: Request for Hospital Visit

Dear Sir/Madam,

Greetings from Dr. D. Y. Patil College of Pharmacy, Akurdi!

Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune was established in the year 1999. Within a short span, the institute has emerged strongly in the field of Pharmacy; we offer Diploma, Undergraduate, Post Graduate and Doctorate courses in Pharmacy. The institute is affiliated to Savitribai Phule Pune University.

The institute is NBA accredited, twice and is a recipient of Platinum rank by AICTE - CII survey and Gold Rank too consecutively for four years. The institute has secured position in the first 75 colleges in the last two years in the NIRF across the country.

Apart from our total commitment to quality and excellence in academic pursuits for last 23 years, we also groom our students for overall personality development. With a view to equip and educate students with the requisite knowledge and skills required by industry, the college frequently organizes visits to institute, industry and various hospitals.

In this regard, I hereby request you to allow our Pharmacy student and faculties to visit your esteemed hospital with interaction of stalwarts. The contact person for further process is Dr. Devendra S. Shirode (Contact No 7276790017) to furnish any other details.

o/c We look forward for a continued association with your esteemed organization

Thanking You

- 1) Permitted for visit.
- 2) Date to be decided mutually
- 3) Our preferred duration is 1st week of April-2022
