PREAMBLE

Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune is affiliated with SPPU and hence follows the syllabus prescribed by the parent university and PCI, a statutory authority. The prescribed syllabus is enriched with subjects that encourage experiential learning through Project work/ Field Work/ internship.

Project work

B. Pharm & M. Pharm Syllabus has research projects in its curriculum. Students are also required to present their research work through poster presentations/PowerPoint presentations / Publications to upgrade their professional and interpersonal skills.

Field Works

Field visits are an integral part of the B. Pharm, M. Pharm and Pharm D curriculum. Field visits such as industrial visits were arranged to achieve the learning objectives defined by the respective course.

Internships:

B. Pharm Curriculum Suggests that every learner should be required to work for at least four weeks in the pharmaceutical industry being a part of the internship, our students were timely deputed to Nulife Pharmaceuticals Limited, Aculife Pharmaceuticals. These internships help students to upgrade their knowledge and skills, time management, leadership and team-building Capabilities.

Field Visit to Nulife

Training & Placement Cell

Type of Program	Industrial Visit of B. Pharm & M. Pharm Students
Date	10 th Sept. 2022
Place	NuLife Pharmaceuticals, Pimpri, Pune
Objective & Description	<p>The main objective of visits is to improve students' professional skills and knowledge regarding the manufacturing of pharmaceutical products in the industry and the packaging of goods by the certified guidelines of WHO & GMP. An industrial visit was carried out for the Third year and Final year M. Pharm students at NuLife Pharmaceuticals, Pimpri, Pune. A total of 20 students were present along with 2 faculty members: Dr. Pallavi Chaudhari and Dr. Sonali Mahaparale. The training Manager and the officials of the industry of the particular unit explained to our students about the various department and the processes carried out under each department in detail. The students had good interaction with them. They briefed the details of GMP & WHO certified guidelines for manufacturing, also special guidance on pharmaceutical Tablets, Liquid orals and external Preparation.</p> <p>It was a very informative learning experience for students and faculty members.</p>

Date: 25th February 2022

NOTICE

All the faculty members and students are here by informed that, on the occasion of National Science Day on 28th February 2022, college has organised visit to National Centre for Microbial Resource (NCMR), an autonomous unit under DBT-National Center for Cell Science.

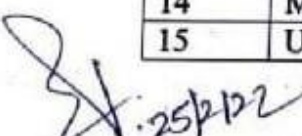

Timing: 11.30AM onwards

This is for information to all faculties

The following students are involved in the visit,

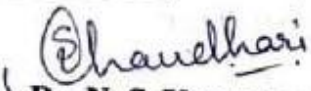

LIST OF STUDENTS

Sr. No.	Name of the Student	Class
1.	Pranav Shevkar	Final Year B. Pharm

Subject: Request for visit National Cell Microbial Research (NCCS-NCMR), Pune

Dear Sir,

Greetings from Dr. D. Y. Patil College of Pharmacy, Akurdi!
Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune was established in the year 1999 (www.dyppharmaakurdi.org). Within a short span, the college has emerged strongly in the field of Pharmacy, with the help of the State-of -the-Art infrastructure and experienced faculty. Currently, it offers Diploma, Under Graduate (B. Pharm and Pharm. D), Post Graduate and Doctorate courses in Pharmacy and is permanently affiliated to Savitribai Phule Pune University.

The college is NBA accredited twice and is a recipient of Platinum Rank by AICTE-CII survey. Also, the college has secured all India positions in the first 75 colleges since the last two years in the National Institute Ranking Framework (NIRF).

Apart from our total commitment to quality and excellence in academic pursuits, we also groom our students for overall personality development. In addition, periodic visits to the Pharmaceutical industries and interactions with various stalwarts from academia as well as industry are arranged.

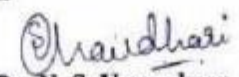

As a part of curriculum and for overall development and personality grooming of the students along with academics we conduct Educational Tour once in four year for every batch. In this regard, I request you to allow our students (Total 16 students & 04 faculties) to visit your center.

The contact person for further process is Dr. Revan Karodi (Contact No: 9860196088) to furnish any other details.

We look forward for a continued association with your esteemed organization

Dear Sir,

On behalf of Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune, I take the opportunity to express my sincere thanks and gratitude towards you for sparing your valuable time and giving us permission to visit National Cell Microbial Resources, Pune (NCMR) on 28th February 2022. The visit provided us the insight of functioning of your institute.

We also appreciate your efforts and valuable feedback.

Looking forward to strengthen our liaison with you.

Thanking You,
Yours,

VISIT TO THE NATIONAL CENTRE FOR MICROBIAL RESOURCE [NCMR] –

Activity: NCMR Visit

Location: NCMR, Pashan, Pune

Date: 28/02/2022

Report:

A Visit to NCCS was organized by Dr. D. Y. Patil College of Pharmacy on occasion of National Science Day 2022.

The visit was very interesting and informative. We students got to learn many new things and apart from the theoretical knowledge of microbiology, we got practical knowledge as well.

About NCCS-

The National Centre Microbial Resource [NCMR], is a national facility funded by the Department of Biotechnology [DBT], Government of India.

NCMR is affiliated to National Centre for Cell Science, Pune, India and is an affiliate member of the World Federation for Culture Collections (WFCC) and is registered with the World Data Centre for Microorganisms (WDCM, registration number 930). The main objectives of NCMR are to act as a national depository, to supply authentic microbial cultures and to provide related services to the scientific community working in research institutions, universities and industries.

NCMR was recognized by the World Intellectual Property Organization (WIPO), Geneva, Switzerland as an International Depository Authority (IDA) on April 2011. The deposit of microorganisms under the Budapest Treaty is recognized to fulfil the requirement of patent procedure in 55 member countries. The Ministry of Environment and Forests, Govt. of India has designated NCMR as a National Repository for microorganisms under the Biological Diversity Act 2002 vide its Order No. 26-15/2007-CSC dated 8th July 2013 NCMR scientists are actively involved in research programmes in microbial diversity, metagenomics, ecology and taxonomy using both classical and molecular approaches.

Objective- The main objective of NCMR is to act as a national depository, to supply authentic microbial cultures and to provide related services to the scientific community working in research institutions, universities and industries.

THE VISIT-

Dr. Avinash sir greeted and welcomed the entire team of DYPCOP to the NCMR lab. Dr. Marja Joshi Mam explained the facility and brief us on the entire work done under the organization.

After that, she took us to the various stations of the lab where different activities were being performed. We saw the Chemstation for GC which works on cell membrane fatty acid profile. It works on a previously loaded Sherlock database.

We observed VITEK Machine very well explained by sir over there. It is useful for preparing clinical reports and checking antibiotic susceptibility.

Next, we observed MALDI-TOF-MS very well explained by Mitesh sir. It is useful in the identification of bacteria based on protein profiles by unique protein sequences. In one single plate, 384 samples can be run.

BIOLOG MicroStation was explained by Sonia Thite ma'am. It is useful in detecting environmental samples. Tetrazolium dye is used for this. 5 different types of eco plates are used for this.

We also visited the Phototropic lab of the facility. There were a number of aerobic and anaerobic bacteria stored in the lab. Prachi mam explained every single detail regarding the bacteria.

One of the interesting sections was the Fungus lab where Mustafa sir and Gajanan Mana sir explained the use of fungus in preparing medicines. For ex- Use of penicillium.

The most interesting part of the visit was the DNA Sequencing lab. Dr. Abhishek Gupta sir explained the Sanguir Sequencer amazingly well. There are two types of machines – 48 capillary and 96 capillary. There were 2 platforms – Illumina and Ion to ion.

At Last, visit to the IDA room where all the documentation work is done by the Budapest treaty under WIPO. Since the data therein is confidential, they could not let us inside.

Activity: Hospital Visit

Date: 04/04/2022

Place: Shri Samartha Hospital

Number of Participants: 09

Objectives: To Update knowledge and understand the functioning of the pharmaceutical services in hospitals.

POs attended the session: 1, 2, 3, 5, 6, 8, 11

Report:

A visit to Shri Samartha Hospital New Sangvi, Pune was arranged for the 2nd year B Pharmacy students of Dr. D.Y. Patil College of Pharmacy, Akurdi, Pune, on 4th April 2022. A batch of 9 students along with one faculty member namely Dr. Devendra Shirode Sir.

Dr. Nilesh B. Modani introduced all the doctor's team of shri samartha hospital to students, Dr. Dipti Nilesh Modani and then nursing staff –Vaishnavi A. Zamare, Sneha Yede, Chhaya D. Sune with them all students visited different departments of hospital like OPD, Reception, general wards, ICU and Emergency services, etc.

A detailed explanation regarding each department was given during the visit i.e., the use or importance of Pharmacist staff/officer, OPD, Reception Staff, Nursing Staff, ICU Staff, OT staff, lab staff and the role of various RMO, various specialists, etc. the hospital contains following Points like-

-1 OT

-2 permanent doctor

-4 beds in general wards

-3 oxygen cylinders in OT

- 3 RMO doctor

- 3 nurses

- 20 visiting doctors

- 1dome light for operations in OT

- and it has a minimum capacity of 20 to 30 patients.

The doctor gave us a detailed explanation regarding each department's importance that is-
