### Report

**Date:** 07/04/2022 to 13/04/2022

**Attendees:** 53

**Name of Speaker:** Mr. Imran Shariff

**Designation:** Soft Skill Trainer

**Topic of Session:** Barclays Life Skills Training Programme in association with Global Talent Track

**Organization:** Barclay's Job Readiness Program

**POs attained from the session:** PO2, PO5, PO6, PO8, PO9, PO11

The Session was based on information to excel in your career by using certain skills which are required to succeed. Depending on your role, there are two types of skills namely hard skills and soft skills. Soft skills are personality traits and behaviors. Unlike technical or 'hard' skills, soft skills are not about the knowledge you possess but the behaviors you display in different situations. It's obvious why soft skills are paramount to getting ahead in the workplace. While hard skills are important for completing technical tasks, strong soft skills will make you the kind of an employers want to hire, retain and promote. Trainer, Mr. Imran Shariff focused on the different aspects of soft skills, prerequisites of an interview, resume building, do's and don'ts during an interview, group discussion and guided students to recognize their strengths and weaknesses.

Yoga is a physical, mental, and/or spiritual practice attributed mostly to India. The Indian Prime Minister Narendra Modi in his UN address suggested the date of 21 June, as it is the longest day of the year in the Northern Hemisphere and shares special significance in many parts of the world. Yoga is an invaluable gift of India's ancient tradition. It embodies unity of mind and body; thought and action; restraint and fulfilment; harmony between man and nature; a holistic approach to health and well-being. It is not about exercise but to discover the sense of oneness with yourself, the world and the nature. By changing our lifestyle and creating consciousness, it can help in well-being. Let us work towards adopting an International Yoga Day.
