Approval Note for financial support

Dr. D. Y. Patil Pratishthan's, Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune - 411 044
 Date: 17th February 2022

Respected Sir,
 As per norms of Savitribai Phule Pune University, a mandatory aspect of the M. Pharm. curriculum is the research project, which students must complete in the fourth semester of their studies in order to receive the degree. To complete the research project in stipulated time and to enhance the quality of research, students must conduct tasks that require financial support. The following are some examples of the essential research tasks tabulated below.

Sl. No.	Examples of research tasks requiring financial support
	Purchase of laboratory animals (Rat / Mice / Guinea pig etc.) with certain specifications like age, weight, species etc. as per need of protocol from approved animal breeder
	Purchase of specific chemical/s, Biochemical estimation kit/s etc.
	Procurement of raw material of medicinal plants / extract/s, phytochemical/s, reference standard drug etc.
	Hiring services for facilities which are not available in the college like estimation of histopathology, etc. etc. etc. parameters, sophisticated laboratory analysis from outside laboratory charges etc.

Our animal house registered with Committee for the Purpose of Control and Supervision of Experiments on Animals (CPCSEA)-Registration No.-1554/PO/Re/S/11/CPCSEA, Ref.-CPCSEA letter No.-F.NO 25/237/2011-AWD dated 26.03.2011 to conduct educational and basic research only and do not have permission to breed laboratory animals, hence required purchase from approved laboratory animal breeder which needs immediate payment.

Also the requirement of raw material of medicinal plants, extract/s, phytochemical/s, reference standard drug, species, biochemical estimation kit/s etc. generated after finalising the research project and hence it may not be included in the regular purchase order and need to procure on emergency basis.

Similarly as a part of research project, for some research protocols need to hire services from outside laboratory estimation of parameters that could not be performed at our college.

As research project is a part of PG curriculum, additional expenses to complete the research project will be a burden to the students and parents. Total number of PG (M. Pharm.) students in fourth semester working on research project is 48.

On this background, we request you to allow us to provide financial support to each M. Pharm. student for research project maximum upto Rs.15,000/- per student as reimbursement upon submission of authentic bills by the student and duly verified research guide. This payment will be made directly into student's account before pass out of respective M. Pharm. student. This policy will help us in FRA, accreditation, University award etc.

Yours faithfully,
 Dr. A. V. Kulkarni
