Summary of 7.1.2

Sr. No.	Particulars
1	Policy document on the green campus/plastic free campus.
2	Geo-tagged photographs/videos of the facilities.
3	Circulars and report of activities for the implementation of the initiatives document
4	Bills for the purchase of equipment's for the facilities created under this metric

7.1.2 The Institution has facilities and initiatives for

- 1. Alternate sources of energy and energy conservation measures**
- 2. Management of the various types of degradable and non degradable waste**
- 3. Water conservation**
- 4. Green campus initiatives**
- 5. Disabled-friendly, barrier free environment**

1. Alternate sources of energy and energy conservation measures:

Solar Panel is installed on the rooftop of college building. This rooftop Solar Photovoltaic system was purchased under Quality Improvement program under SavitribaiPhule Pune University in 2017. The grant received was total Rs. 5,00,000/-

College majorly uses energy saving appliances in order to reduce the energy consumption. LED bulbs are used in most places instead of regular tubes and bulbs.

2. Management of the various types of degradable and non- degradable waste:

For Biodegradable waste: College has a tie up with PASSCO for discarding the biodegradable waste generated during practical's. Once the animal has been sacrificed in the animal house it is transferred to the yellow bag with a barcode on it. Which is later scanned by the PASSCO official and then provided with a receipt which contains the weight of the bag and a PASSCO number which is then entered in the register that is kept in the Pharmacology lab o keep a record of the discarded waste.

For Solid Waste: Dr. D. Y. Patil Educational Complex is a green and huge campus. Being one of the largest campuses both area wise and population wise, a lot of waste is generated on a daily basis.

Waste is segregated on the basis of whether it is degradable or non degradable. Degradable waste consists of dry leaves, freshly cut grass from lawns, twigs and branches of trees, and solid waste from canteens. Degradable waste is taken to pits for the preparation of vermicompost. This vermicompost is again utilized for garden in the campus. And if it is non degradable it is properly treated and given to PCMC for further treatment.

For Liquid Waste: For toxic liquid waste generated in chemistry labs, it is properly treated to reduce its toxicity and then discarded into sewage. Campus also has a Sewage treatment plant with 1,00,000 liter water holding capacity. Sewage from all colleges is carried to STP where solid and liquid waste is separated. Liquid waste which is mostly water is treated through various processes and the water is reused for gardening purposes.

For e-waste: E-waste generated in the college is collectively handed over to the central team for discarding. It mostly includes old CD's, pen drives, wires, old computers and printers which cannot be repaired.

3. Water conservation: Rain Water Harvesting

Campus has initiated the activity of harvesting the Rainwater by digesting the water deep down in the earth through pipes and bore pits.

Water wastage is also avoided by using sprinklers for the lawn area and drip irrigation for Medicinal plant garden.

4. Green campus initiatives:

Campus has received many awards from PCMC authorities for its Greenery maintenance. Campus also follows some practices to reduce pollution within campus by promoting the faculty to do Car-pooling. Faculty those who stay in one area try to opt for Car pooling to save fuel.

Campus tries to avoid use of plastics in the canteen. Also we have installed handmade feeders for providing food and water for birds by recycling the plastic containers.

Electric Car is used within the campus to reduce the amount of pollution

Faculty staying nearby the college also opts for using bicycle for saving fuel and avoid pollution.

Workshop conducted on Making of Eco-friendly Ganesh idol as a Green campus initiative in September 2019.

Tree Plantation drive carried out inside the campus to promote Green Environment on the occasion of World Pharmacist Day celebration.

5. Disabled-friendly, barrier free environment:

Several physically disabled students take admission every year in the institute. In order to make the environment user friendly to these students, various facilities are built up for them. It includes a wheelchair, rails, ramps, lift, and friendly washrooms. College has displayed various boards at several places to help assist these students.

A separate cell namely Divyangjan Cell is constituted at college level to resolve the queries (if any) of disabled students.

7.1.2: Policy document on the Green Campus/ Plastic Free Campus

**Dr. D. Y. Patil Pratishthan's ,
Dr. D. Y. Patil College of Pharmacy,
Akurdi, Pune- 411 044.**

Preamble for Green Camus Policy/Plastic Free Camus Policy

Dr. D. Y. Patil Pratishthan's, Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune, established in 1999 at lush green campus of Dr. D. Y. Patil Pratishthan's, Dr. D. Y. Patil Educational Complex, Akurdi, Pune. The Green Campus/ Plastic Free Campus Policy of our college foresees Clean and Green Campus where environmental friendly practices and education combine to promote sustainable and eco- friendly practices in the campus as well as beyond the campus.

This policy document is prepared and passed through IQAC in June 2019.

Green Campus/ Plastic Free Campus Policy

(2019-20)

**Dr. D. Y. Patil Pratishthan's
Dr. D. Y. Patil College of Pharmacy,
Akurdi, Pune-411044.**

Vision

**To Impart Quality Education to the Students and Mould
them into Proactive Multifaceted Pharmacists**

Mission

**To establish a Centre of Academic Excellence and
Research in Pharmacy Education and thereby produce
Professionally Competent and Ethically Sound
Pharmacists to Cater to the needs of the Global Society.**

Program Educational Objectives (PEO)

After graduation students will

- 1. Reflect critical thinking and problem-solving skills through their Pharmaceutical knowledge, expertise, and competency in industry, higher studies, and research.**
- 2. Practice ethics and values in their profession.**
- 3. Contribute effectively in various fields of the social healthcare system.**
- 4. Inculcate leadership and entrepreneurship capabilities through effective communications, appropriate time management, and self-up gradation.**

About the College: Dr. D. Y. Patil Pratishthan's, Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune, established in 1999 at lush green campus of Dr. D. Y. Patil Pratishthan's, Dr. D. Y. Patil Educational Complex, Akurdi, Pune. The aim of the College is to spread Pharmacy education to aspirant students and thereby render social services.

Green Campus Policy

Considering the increasing issues related to pollution and its adverse impact of natural environment/ ecosystem and excessive use of natural sources. Government of India has declared the Mission namely Swachh Bharat Abhiyan. Also, University Grants Commission has mentioned "Green Campus, Clean Campus" mission mandatory for all higher educational institutes. D. Y. Patil College of Engineering and Dr. D. Y. Patil College of Pharmacy being constituent unit of this campus are already taking measures to make the campus ecofriendly since its inception. However this policy document is prepared and passed through IQAC in June 2019. After lot of preapproval brainstorming sessions on various platforms like alumni meet, principal faculty meeting, CA sessions, and parents meet etc., to channelize the efforts further by accommodating all stakeholders especially to enhance the outcome by multiple folds.

The policy is formulated with the following objectives.

Objectives:

- ★ **To make students aware about environmental issues.**
- ★ **To inculcate significance of green initiatives in students**
- ★ **To constitute awareness about ecosystem by organizing various social awareness activities like street plays, rallies, seminars, expert lectures, study tours, competitions, onsite visits etc.**

- ★ To adopt as well as promote students, faculty and other stakeholders about environment friendly practices.
- ★ To encourage all stakeholders to follow green practices within the campus and beyond.
- ★ To maintain cleanliness and sanitation within the campus.

Initiatives Taken to Implement the Green Campus Policy

The college is committed to managing its campus in accordance with its Green Campus Policy by establishing the following infrastructure and carrying out the activities as follows:

1. Landscaping the campus with trees and plants.
2. Maintenance of Medicinal plant garden
3. Maximum possible Paperless Office and Communications with the use of ERP
4. Adequate waste management system (Degradable, non-degradable, bio-degradable and e-waste)
5. Rainwater Harvesting
6. Observance of Days to protect and Nurture Environment
7. Compulsorily conduct the yearly Green, Environmental and Energy Audit by the third party agency.
8. Ban on Single-Use Plastic in the campus.
9. Energy conservation/ Use of LED Bulbs/Tubes and Power Efficient Equipment's along with alternative source of energy.
10. Regular implementation of Green Campus, Clean Campus initiative in accordance with Clean India Mission (Swach Bharat Abhiyan)
11. Active participation in Swach Bharat Abhiyan

1. Landscaping the campus with trees and plants.

College is located in lush green campus with variety of trees, plants, and climbers etc. which are well maintained by team of gardeners. The entire garden is nourished by organic fertilizer prepared by in-house team. Campus has received many awards from PCMC authorities for maintenance of the lush green campus.

2. Maintenance of Medicinal plant garden

- College has already developed and maintained the Medicinal plant garden which is much bigger than the mandatory requirement.
- Water management to be done with the help of various measures like drip irrigation, sprinklers etc., to save water and is to be maintained properly.
- Treated water received after treatment from Sewage Treatment Plant (STP) is to be used for gardening purpose as a part of water conservation.

3. Paperless Office and Communications by implementing use of ERP

- College has installed ERP to reduce use of paper.
- Notices circulated through ERP, e-mail, official whatsapp groups are made official.
- Digital storage of documents through Google drive as well as sharing of e-content as study material for the students to be followed.
- College to promote publication of its activities via e-bulletins and other online platforms.
- The mandatory printed materials like brochures, annual report, etc. to be restricted to print.
- College already has handles on social media platforms like instagram, Facebook, Twitter and LinkedIn. All news, achievements to be shared through it.
- For admission awareness programs, the suitable online platforms to be used

4. Waste management system

- Separate provisions of dustbins are provided for recyclable and non-recyclable waste.
- Sewage treatment plant is in place which collects all the waste water from the washrooms by gravity, then it is treated and pumped for watering the campus garden.
- Biodegradable waste generated during practical is to be segregated and disposed by delivering it to the authorized agency for its disposal as per prevailing rule.

- Degradable waste such as grasses, weeds, leaves, pruned branches of trees, herbs and shrubs, food waste from canteen has to be collected and utilized for the preparation of compost. The entire process is monitored by Dr. D. Y. Patil College of Agriculture Business Management, Akurdi, Pune.
- E-waste generated in the colleges has to be collected at central level for further process. Timely e-waste drives have to be conducted to create awareness amongst the students.

5. Rainwater Harvesting

- College has rainwater harvesting unit which collects rainwater from all over the campus and thus support conservation of water.

6. Observance of Days to protect and Nurture Environment

- Days such as Environment day, Earth day, and Water day would be celebrated to protect and nurture the environment by organizing various activities like guest lectures, street plays, and rallies.
- All students and faculty are encouraged to avail the carpooling and public transport facilities for transportation to save fuel and reduce the environmental pollution.
- Faculty and students staying to nearby the college are encouraged to use bicycle periodically if not regularly (once in a 15 days or a month) once in a month to promote the green practice as well as a healthy practice.

7. To conduct the yearly Green, Environmental and Energy Audit

- College has started the initiative of conducting the yearly Green, Environmental and Energy Audit. It is a process of regular identification, quantification, documenting, reporting and monitoring of environmentally important components in a specified area.
- It helps to empower the organization to frame a better environmental performance by continuing related good practice, improvements as per need and additional measures as per suggestions.

8. Ban on Single-Use Plastic

- To restrict the use of plastic, various measures have been taken to replace plastic tea cups, plates and glasses with steel utensils in the canteen. College has also placed earthen pots to provide drinking water. Further, the employees and students are motivated to use steel or copper water bottles instead of plastic bottles.

9. Energy conservation

- All are instructed, whenever possible, shut down rather than logging off the computers and laptops.
- Turn off fan, AC, fridge etc. to optimize related consumption.
- Turn off unnecessary lights and use daylight instead
- Installation of LED or compact fluorescent bulbs.
- Keep lights off in conference rooms, classrooms, lecture halls when they are not in use.

10. Regular implementation of Green Campus, Clean Campus initiative in accordance with Clean India Mission (Swachh Bharat Abhiyan)

- Students and faculty members to implement Green Campus, Clean Campus initiative by organizing timely tree plantation, cleanliness drives.

11. Participation in Swachh Bharat Abhiyan

- Students and faculty members should be motivated to participate in Swachh Bharat Abhiyan activities within the campus and beyond the campus.

Conclusion:

The above strategies and procedures of implementation are subject to change in view of need as well as demands of time and feedback received time to time.

All stakeholders are instructed to abide by the rules of the policy to keep our campus clean, green and ecofriendly.

CIRCULAR

SHRAMDAN- A CONCEPT OF DIGNITY OF LABOUR

1. In order to promote the sense of self discipline, hygiene, cleanliness and the gratitude towards the work of our housekeeping staff, it has been decided to conduct 'ShramdanHour', once every month, commencing Dec 2022. The activity will be planned and promulgated by Dean Administration DYPEC. The 3rd Friday of the month in the quarter would be dedicated for this drive as follows:-

(a) One Shramdan Hour in the month would be used for Campus level drive.

(b) The next two Shramdan Hours would be used for cleanliness drive within college/ office spaces.

2. All the teaching and non-teaching staff of the Campus, not on essential duties (viz classes, practicals, examinations etc) in that promulgated hour, will undertake the cleanliness drive in the designated areas.

3. This Shramdan Hour drive would be undertaken from 4.00pm to 5.00 pm. The first such drive is planned on 23rd Dec 2022 (Friday) as Campus level Shramdan Hour, as per the details mentioned below:-

SNo	Grouping of Colleges	Sectors In-charge

Report of Shramdan Activity Academic Year 2022-23

Participation of faculty and Staff during Shramdan activity

Number of Participants: All faculty and staff members

The word **Shramdaan** means labour (Shram) and donation (Daan). Shramdan means a voluntary contribution by the person towards community welfare involving physical effort. It is a way of helping our community and contributing to help and change the environment around us for better. In order to inculcate this value in the present generation, Shramdan Day is organized every month of third Friday at **DR. D.Y PATIL COLLEGE OF PHARMACY, AKURDI, PUNE** to align with the purpose of service, which is an essential aspect of teaching and learning. Shramdaan activities may include cleaning of office areas, and Campus of college including cleaning of drains, waste collection drives, and awareness campaigns.

Voluntarily providing help to any individual, group or community is also a part of Shramdan, and we at Dr. D.Y Patil College of Pharmacy, Akurdi, Pune strive to carry forward this legacy. Shramdan is the social service within the society and community for development.

At **DR. D.Y PATIL COLLEGE OF PHARMACY, AKURDI, PUNE**, all faculty members and nonteaching employees are motivated to contribute on Shramdaan Day activities. This collective effort brings a sense of unity and ownership among all participants, while also resulting in a clean and green campus, and having a positive impact on themselves and the surrounding environment.

Name of Activity: 'e-Yantran' E-waste Collection drive

Date: 26/01/2022

Number of Participants: 10

Report:

The activity was conducted on 26th January 2022 from 9:00 am to 12:00 pm. The goal of the activity was to collect the E-waste and to handover the collected e-waste to the NGO People working in PCMC and to reuse or recycle it and give it to needy people. The e-waste collection program was conducted as follows. The NSS students gathered at a point meeting and then they divided themselves in groups of 2 or 3 and went in the nearby locality to collect the things.

The things collected were like laptop, monitor, mobile charger, calculator, bulb, battery etc. and they also told the people about the awareness of the activity that how and why e-waste can be reused and recycled.

At this time Professor Sandeep Kshirsagar as well as student of NSS:

Priyanka Dandge, Priyanka Jalan, Vaishnavi Tanwade, Preeti Patane, Rohini Birajdar, Prathamesh Jambhulkar, Umesh Rathod, Mahesh Bhadane, Gopi Kishan Roy participated in the activity.

NSS volunteers collected e-waste and handed over to NGO People working in PCMC and to reuse or recycle it and give it to needy people

POSITIVE EFFECTS OF COVID-19 TO ENVIRONMENT BASED ON CORROBORATION AND STATISTICS: A REVIEW

Mukesh Mohite* and Aditya Sarode

Department of Chemistry, Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune.

Corresponding author: E-mail: mukesh_mohite@rediffmail.com

Received 26th April 2020; accepted 29th April 2020

ABSTRACT

The outbreak of Novel Coronavirus (COVID-19) is currently undergoing almost in all the continents. The first case was reported from Wuhan, China and leading its way all to the major countries. This viral outbreak on the other hand has made some significant improvements in the environment across the regions. Based on current evidences, we epitomize the data, statistics and the studies to indicate the positive approach to look towards viral outbreak. Oil is the biggest source of carbon explosion and its use has decreased markedly that decreased air pollution globally. This review will be helpful to carry out summarization of environmental changes during an outbreak and will serve as a reference for further analysis.

Keywords: COVID-19, environment, current evidences, viral outbreak.

INTRODUCTION

On December 2019 Cluster of unknown pneumonia like cases reported at Wuhan, Hubei province of China. Within following days, the cases seen surge in Wuhan city and ultimately the Government of China imposed lockdown in Wuhan [1]. That measure on the other hand had a relieving impact on environment [2]. The pollution levels around the Chinese east coast showed a slant decrease within days. This is perfect example for studying impact of preventive measures of outbreak benefitting the environment to revive

and thrive [3]. During these periods the nature is booming and animals are reclaiming their old habitats. Dolphins were seen on the coast of the Mumbai after decades [11]. Wildlife around over the various regions reclaimed their natural habitats which were occupied by human activities. We will review a lot of more alike examples on global scale [5]. Noise and air pollution also getting decreased because peoples are at their home and not used to go outside. It gives benefits to nature [10] (Fig. 1-13).

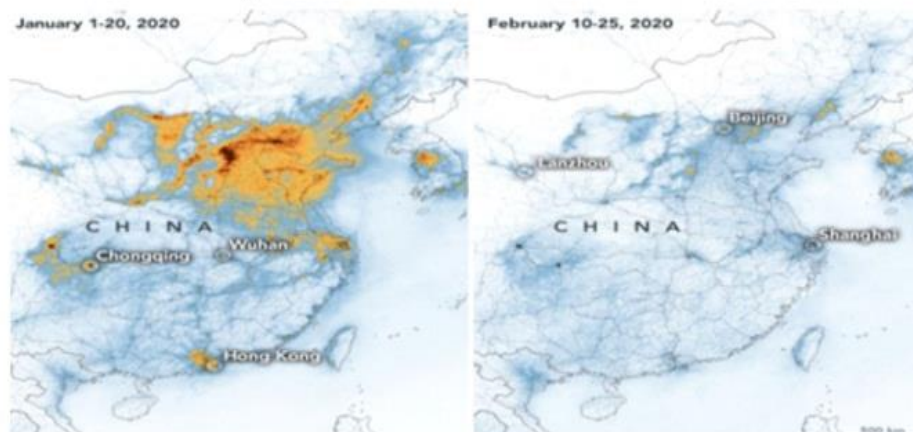

Fig. 1. TROPOMI data shows the NO₂ levels in China in the beginning of 2020[2]

A joint publication of faculty Mr. Mukesh Mohite with student Mr. Aditya Sarode entitled **POSITIVE EFFECTS OF COVID-19 TO ENVIRONMENT BASED ON CORROBORATION AND STATISTICS: A REVIEW** highlighting the e statistics on the benefits of outbreak on the environment, published in **Indian Journal of Environmental Sciences 24(1), 2020, pp.17-26** in April 2020.

Name of Activity: Webinar on Water management

Date: 02nd June 2020

Report: Water is one of the valuable resources for life. Thus, water management, is managing optimum use of water resources. So, in view of the importance of this, Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune organized a webinar on "Water Management" on 02nd June 2020, wherein Mr. Avinash Thatte, Consultant, guided all the participants.

He highlighted on the key aspects like daily consumption of the water, ways to minimize it, crisis in India, rain water harvesting, facts, situation that may take place in 2030 and the ways to tackle it.

The session covered various Do's and Don'ts, but the tagline "Small changes can make differences", will indeed make everyone think for the proper utilization of water.

Subject: Feasibility report-cum-detailed project report (DPR) on PV system.....

Dear Sir,

Our expert team visited your college/institute to check the possibility to establish roof-top solar PV system at your college/institute. Thank you very much for your kind cooperation and courtesy during their visit. Please find herewith the feasibility report-cum-detailed project report (DPR) on PV system to be installed at your college/institute under the quality improvement program (QIP) your college/institute of Savitribai Phule Pune University, Pune 411 007.

You are requested to strictly adhere the guidelines and technical specifications enclosed herewith for the procurement and installation of PV system under the quality improvement program (QIP) of Savitribai Phule Pune University, Pune 411 007.

Thanking you and regards.

(S. R. JADKAR)

Department: Pharmacy
Quotation No. -NIL.

Dear Sir,
With reference to your above mentioned quotation we are pleased to give you this Purchase order for supply of 15 KW Solar energy Equipment (Grid-Tided Solar PV System) to the terms & conditions mentioned therein

Sr. No.	Description of item	Total Item	Amount to be paid to vendor (Rs.)	Subsidy Amount (Rs.)	Total Amount (Rs.)
1	15 KW Solar energy Equipment (Grid-Tided Solar PV System)	01	6,51,000/-	2,79,000/-	9,30,000/-
(Total value of this P.O. is Rs.9,30,000/-.(Rs. Nine Lakhs thirty thousand Only)					9,30,000/-

- Terms & Conditions:**
- Delivery: Free door delivery within 05 days of the receipt of the purchase order.
 - Payment terms:
 - 50 % as an advance (i.e. Rs:3,25,500/-).
 - 30% against delivery (i.e. Rs:1,95,300/-)
 - 20 % on successful installation (i.e. Rs:1,30,200/-).
 - 30 % subsidy amount (i.e. Rs:2,79,000/-) to be received directly from MEDA.
 - Taxes and Installation charges: inclusive

20-January-2023

Dear Sir/Madam,

The Schindler units installed at the above project, have now been in service for the past year. We do hope they have provided the intended usage and comfort to the users.

Kindly note the free maintenance/paid maintenance period is due to expire as per date mentioned in the agreement, and in this connection please find enclosed our maintenance contract proposal.

We would request your appointment to discuss and finalize the contract at the earliest. Upon your approval, you shall be required to return one copy of the contract duly stamped and signed along with the payments, to enable us to continue our services for the further period.

Meanwhile, Schindler has come up with a strong survey tool to better understand how you perceive our service performance as a basis for our continuous improvement efforts,

An external agency through their expert team conducts these surveys on our behalf. We would highly appreciate your time to respond to a few questions related to the service rendered on Schindler unit installed at your premises.

We wish to thank you for patronizing Schindler and giving us the opportunity to serve you

Thanking you and assuring of our best attention and services at all times.

Yours sincerely,

Schindler India Pvt. Ltd.
