**INSTITUTION HAS INITIATED THE
GENDER AUDIT AND MEASURES FOR
THE PROMOTION OF GENDER EQUITY**

7.1.1 GENDER AUDIT

Objective of Gender Audit

- To examine the gender discrepancies at the College level.
- To achieve a good gender balance in decision-making process across all aspects of college life.
- To promote gender equity within the campus.
- To examine gender-based issues that affect administrative staff, students, and Faculty.
- To study and determine the places and variables of gender discrimination.

Gender Audit Concept and Methodology

A gender audit is a technique for assessing and checking the formalization of gender equity state-of-art in organizations including programmes, facilities, processes, analysed and the main gender biases are identified. The fundamental assumption of gender auditing at an educational institution is that decision making structures, organizational culture and processes as well as to gather staff's perceptions, understanding and behaviours affects female and male students differently.

Every year the institution performed a gender audit to raise awareness of the need of respecting each gender and problem solving to find solutions for making female students feel more secure on campus. Girls and women must have access to a different variety of activities and programmes that suit their needs and life experiences in order to achieve gender equity. The college consistently places an emphasis on students total personality development and quality achievement.

The College has constituted the Gender Sensitization Cell and has been instructed to spread the awareness of Gender Equity in the college.

Faculty: 34

Brief Report:

8th March, considered as International Women's Day. This day brings many things for women – a cause for celebration, a reason to pause and re-evaluate a remembrance, an inspiration and a time to honor, loved and admired. Dr. D. Y. Patil College of Pharmacy Akurdi has Celebration the International Women's Day on 8th March, 2021 in the Boardroom of DYPCOP. Principal Sir addressed that there should be a balance between career and family and without a family support a women can't achieve success, also addressed that girls should know their right to defend themselves and be careful against crimes against women and aware about gender equity.

Name of the activity: International Women's Day

Venue: Dr. D. Y. Patil College of Pharmacy Akurdi, Pune

Date: 08/03/2021

Faculty: 27

Brief Report:

The 8th March is internationally Celebrated as the "International Women's Day". It is an important occasion for all of us to pause for a moment to reflect on ourselves, to appreciate how much has been done and what more needs to be done in the field of gender equity. Moreover, it is the day to acknowledge all the men and women in the world for making this world a better place for everyone to live in on the day. The program would not have been a great success without the help of the student's male female faculties and other volunteers. Therefore, we would like to sincerely extend our heartfelt gratitude to all those for making the event an extraordinary one.

Brief Report:

International Women's Day

International Women's Day (IWD) is a global day celebrating the social, economic, cultural and political achievements of women. The day also marks a call to action for accelerating gender parity. Significant activity is witnessed worldwide as groups come together to celebrate women's achievements or rally for gender equity.

Marked annually on March 8th, IWD is one of the most important days of the year to:

- Celebrate women's achievements
- Educate and awareness raise for women's equality
- Call for positive change advancing women
- Lobby for accelerated gender equity.

This year DYCOP has planned to celebrate the International Women's Day not only for a day but throughout the week to enhance the knowledge and capabilities of women faculty and students.

REPORT

TITLE OF SESSION: HEALTH AND HYGIENE

NAME OF FACULTY: Dr. (Mrs). SMEETA S. SADAR

DATE: 1.03.2019

First of all, I would like to thank our respected Principal Dr. N. S. Vyawahare Sir for giving me the opportunity to conduct session for sweepers working in our organization.

Topic of session was “Health and Hygiene”.

Sweepers play an important role in maintaining health and hygiene in Colleges but their own hygiene also vital part so that our College organized awareness session for them. They are always prone to exposed numerous risk factors like dust and other contaminants while cleaning, dusting activities in the premises. Sweeping activities are often required exposure to large amount of dust, bio-aerosol, volatile organic matter, airborne particulates, bacteria and ergonomic stress etc.

Good personal hygiene is important for both health and social reasons. It entails keeping your hands, head and body clean so as to stop the spread of germs and illness. Your personal hygiene benefits your own health and impacts the lives of those around you, too.

One of the most effective ways we have to protect ourselves and others from illness is good personal hygiene. This means washing your hands, especially, but also your body. It means being careful not to cough or sneeze on others, cleaning things that you touch if you are unwell, putting items such as tissues (that may have germs) into a bin, and using protection (like gloves or condoms) when you might be at risk of catching an infection. Personal hygiene, such as bathing, is very much dependent on the culture in which you live. In some cultures, it is expected that you will wash your body at least every day and use deodorants to stop body smells. Other cultures have different expectations.

There are many sicknesses which can be caused by inadequate (**poor**) **domestic** or personal hygiene. Signs of poor domestic hygiene include: not cleaning the toilet. not getting rid of rubbish.

Signs of poor personal hygiene include:

- Not washing hands.
- Not showering.
- Not washing hair

Benefits of maintain personal hygiene:

- Germs are removed from body
- Removes bad smell of body
- Personal relaxation, decrease in muscular tension
- Increases skin health
- Better appearance
- More self confidence

Also advised to clean the exposed body part with body wash or soap after activities like dusting/ sweeping. Also suggested to cover body by apron, mask, head cap, hand gloves, sleepers during working that will help to reduce exposure to infectious materials. At the end of session I also included the list marketed products like hand wash, hand sanitizer, soap, antiseptic wash/ cream that helps to maintain the personal hygiene. Lecture ended with question answer session.

Session conducted on topic “Health and Hygiene”

TITLE OF SESSION: Health and Hygiene

NAME OF FACULTY: Ms. Sarika Nikam

DATE: 17.11.2017

First of all, I would like to thank our respected Principal Dr. N. S. Vyawahare Sir for giving me the opportunity to conduct session for sweepers working in our organization.

Topic of session was "Health and Hygiene".

Cleanliness is next to godliness Dirty surrounding can lead to many problems and diseases. Mosquitoes and flies which carry disease causing organism breed actually the means of cleanliness is the complete absence of dirt, stains, dust and bad smells.

The most important purpose of cleanliness is to get good health, beauty, remove offensive smell as well as avoid the spread of dirt and contaminants. We use variety of things to clean different things accordingly

Personal hygiene habits include:

- Washing the body helps keep it free of disease-causing germs.
- Cleaning teeth helps keep gums and teeth healthy.
- Washing hands after going to the toilet helps stop the spread of germs.
- Washing hands before preparing food helps keep germs off our bodies.
- Washing clothes helps keep them free of disease-causing germs.
- Hanging clothes in the sun helps to kill some disease-causing germs and parasites.
- Covering the nose and mouth when sneezing helps stop the spread of germs.

Also advised to clean use exposed body part with body wash or soap after activities like dusting sweeping. Also suggested to cover body by apron, mask, head cap, hand gloves, slippers during working that will help to reduce exposure to infectious materials. At the end of session I also

included the list marketed products like hand wash hand sanitizer, soap, antiseptic wash cream that helps to maintain the personal hygiene. Lecture ended with question answer session.

Venue: Shantai Auditorium

Date: 15/09/2017

Brief Report:

Smt. Rashmi Shukla, Commissioner of Police. Pune is an IPS officer of 1998 batch and belong to Maharashtra cadre. She is known for her discipline, professionalism. Integrity and sensitivity towards the policemen and people. She took the students back to her school and college life and the way she used to study. She also spoke about the manner in which she guides her own children and prepares them for their future. She guided the students to choose the profession of their own choice and give their best in that particular field. She also highlighted that most of the students in the present scenario waste their time on social media, in chatting, etc. All these sources act as hindrance in their studies and distract them from their path and duty of studying at present.
