Date and time: 03/03/2022, 9:30 am

Topic of Session: Challenges in Implementing QbD : An Industry Perspective

Name of Speaker: Dr. Sridhar Balasubramanian

Designation: Head Global Development QA Novartis, Hyderabad, India

Organization: Dr.D.Y Patil College of Pharmacy Akurdi, Pune.

Attendees: 42

POs attained from the session: PO2, PO11

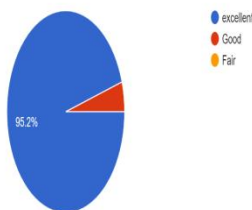

Report: QbD is a systematic approach to drug development that begins with predefined objectives and emphasizes product and process understanding and process control, all based on sound science and quality risk management. Moheb M. Nasr, PhD (formally of the FDA's Center for Drug Evaluation and Research, CDER, and regarded as an agency pioneer in shaping QbD) explains that in a QbD system.

- the product is designed to meet patient needs and performance requirements
- the process is designed to consistently meet product critical quality attributes
- the impact of starting raw materials and process parameters on product quality is understood
- critical sources of process variability are identified and controlled with appropriate control strategies
- The process is continually monitored and updated to allow for consistent quality over time.

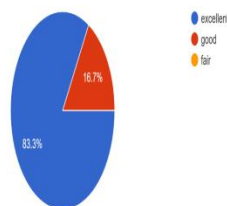

The seminar was held by Dr. Sridhar Balasubramanian in very interactive way. He covered the challenges as per Research and entrepreneurship point of way. The students and faculty members were highly motivated and the doubts of all were solved at the end of seminar.

Feedback:

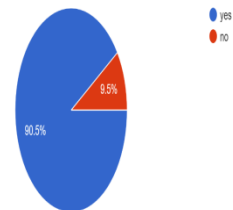

How was the conduction of the seminar ?
42 responses

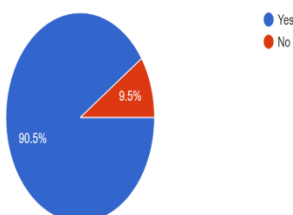

How was the knowledge of the speaker ?

SESSION ON: EXPERIMENTAL DESIGN: SETUP AND DATA INTERPRETATION.

**RESOURCE PERSON:
DR. SANDEEP SONAWANE**

ASSOCIATE PROFESSOR, MET'S INSTITUTE OF
PHARMACY, BHUJBAL KNOWLEDGE CITY,
ADGAON, NASHIK

11 AM

10th FEB 2022

[BACK TO OVERALL SUMMARY](#)

Dr.D.Y Patil Pratishthan's
Dr. D.Y Patil College of Pharmacy
Akurdi Pune – 411044

Topic: Experimental Design: Set-up and Data Interpretation

Date: 10/02/2022

Name of Speaker: Dr. Sandeep Sonawane, Associate Professor, MET's Institute of Pharmacy, Bhujbal Knowledge City, Adgaon, Nashik

Design of experiment means how to design an experiment in the sense that how the observations or measurements should be obtained to answer a query in a valid, efficient and economical way. The designing of experiment and the analysis of obtained data are inseparable. If the experiment is designed properly keeping in mind the question, then the data generated is valid and proper analysis of data provides the valid statistical inferences. If the experiment is not well designed, the validity of the statistical inferences is questionable and may be invalid. Bearing importance of designing of experiment during research work in mind Dr. D. Y. Patil college of pharmacy Akurdi organized guest lecture of Dr. Sandeep Sonawane, Associate Professor, MET's Institute of Pharmacy, Bhujbal Knowledge City, Adgaon, Nashik on topic "Experimental Design: Set-up and Data Interpretation" on 10 February 2022.

Key points discussed by Dr. Sandeep Sonawane were:

- Experimental Design Basics
- Design of Expert Terminology
- Data Analysis
- data statistical testing

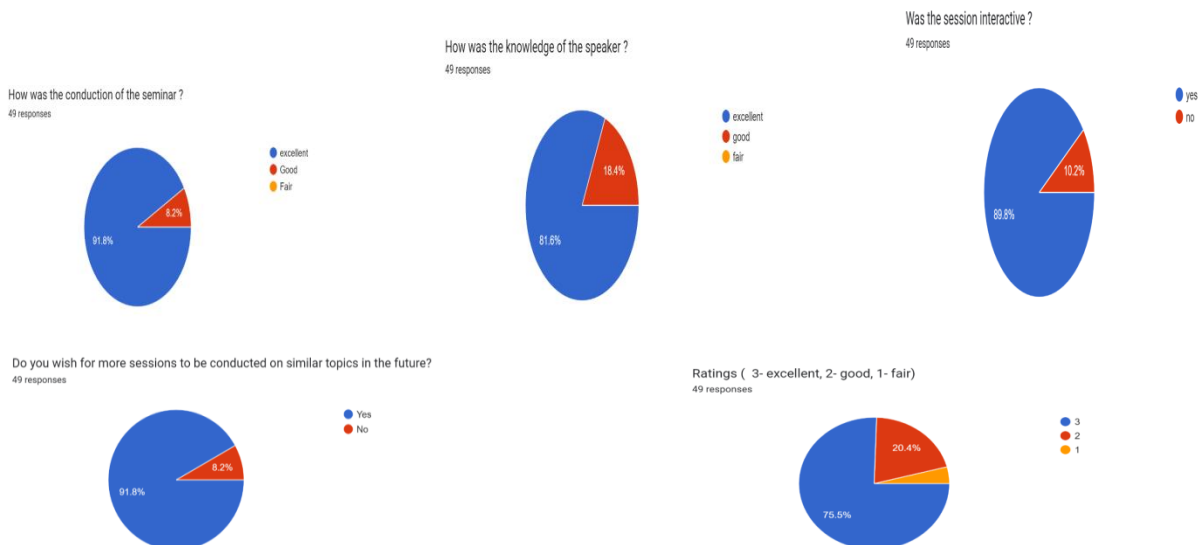

Thus, the talk was very interactive by thought irritating problems posed by Dr. Sandeep sonawane. The session has proven to be very inspiring and informative for the students.

PO's Mapped: PO1, PO2, PO3, PO4, PO6, PO7, PO9, PO11.

Session on Experimental Design: Set-up and Data Interpretation

FINANCIAL AWARENESS AND SKILL DEVELOPMENT IN PHARMACEUTICAL SCIENCES

**RESOURCE PERSON:
MR. SHANTANU KALE**

ACADEMICIAN, NASHIK

14 DEC 2021

11 AM

**Dr. D.Y. Patil Pratishthan's
Dr. D.Y Patil College of Pharmacy
Akurdi, Pune – 411044**

Date and time: 14/12/2021 (Tuesday, 11am)

Topic of Session: Financial awareness and skill development in Pharmaceutical Sciences

Name of Speaker: Dr. Shantanu Kale

Designation: Academician

Organization: Dr.D.Y Patil College of Pharmacy Akurdi, Pune.

Attendees: 120

POs attained from the session: PO2, PO11

Learning outcomes of the session: At the end of this lesson, learners will be able to understand investment in share market, websites like screener.in, different concepts used in used in shares and what points to be considered while investing.

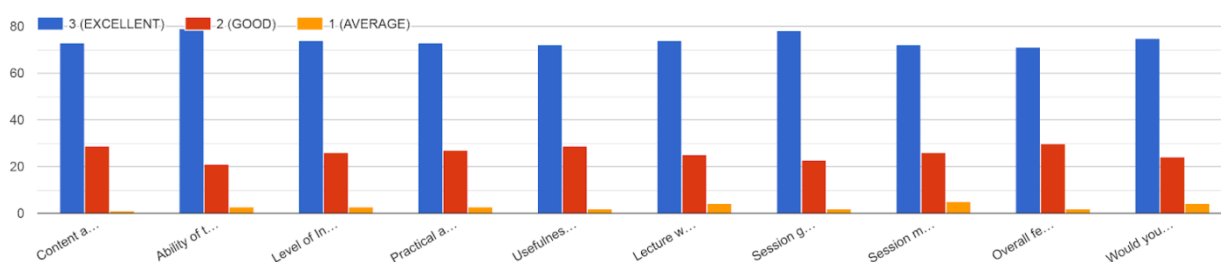

Report: Dr. Sandeep sonawane spoke about the financial awareness skill which should be developed in the students to build up the quality of entrepreneurship in them. He explores the knowledge related to key tools required for overall development in the Pharmaceutical sciences. The session was knowledgeable to all students and faculty members. Question and answer session was conducted at the end where students cleared all their doubts.

Dr. Shantanu Kale interacting with the students and faculties on financial awareness on 14/12/2021

Summary of Feedback Session:

Responses for Feedback of DR. SHANTANU KALE, Academician, Nashik for Guest Lecture on 'Financial Awareness and Skill Development in Pharmaceutical Sciences' on 14th December 2021 at Dr. D.Y. Patil College of Pharmacy, Akurdi

Dr. D.Y Patil College of Pharmacy
Akurdi, Pune – 411044**

Topic Name: Intellectual Property Rights: Patents

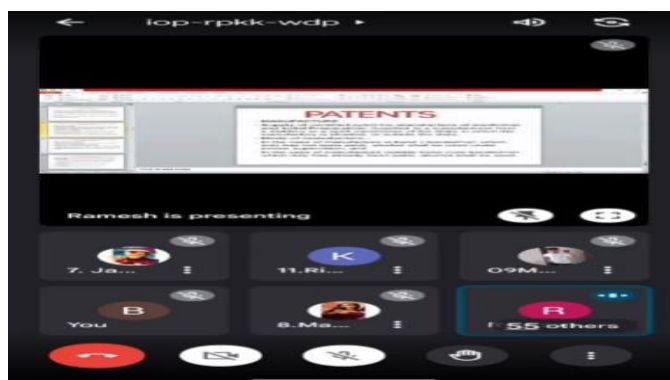

Name of the speaker: Dr. Ramesh Katedeshmukh.

No of Beneficials: 60

Date: 09/12/2021

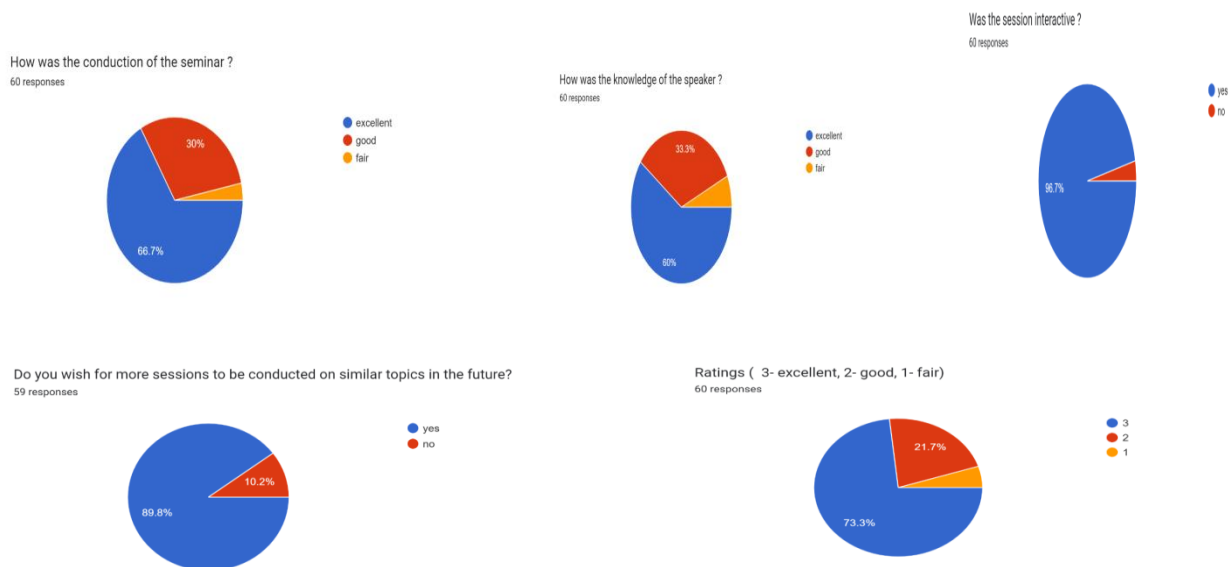

Report: Due to increasing awareness and importance of Research in Pharmacy sector, most of the students put efforts and publish research and review articles in indexed journals. So, in order to explore and introduce them with various ways for protection (benefits) of research ideas, so college arranged a seminar to explore the knowledge related to patents, trademarks, copyrights, geographical index etc. Initiatives are also taken by the students and faculty members for awareness of IPR through publishing the patents thereby improving research culture. Dr. Ramesh katedeshmukh shared brief information regarding various types of patents and process of publishing it and renewal periodically. The session proved informative to all students and faculty members and queries were answered by him at the last.

PO's Mapped: PO1, PO2, PO3, PO4, PO6, PO7, PO8, PO9, PO11.

Seminar on Patents by Dr. Ramesh Katedeshmukh on 09/12/2021

REPORT OF EXPERT TALK

Topic – “Clinical Research”

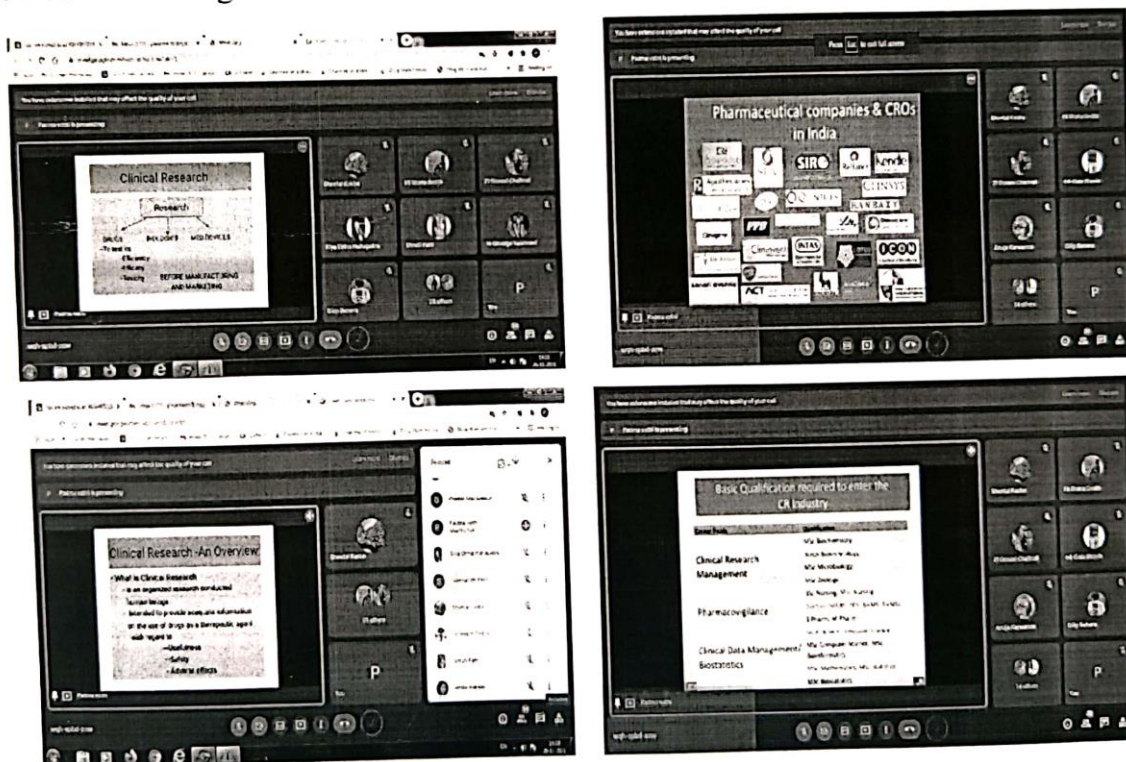

Name of the speaker – Dr. Padmavathi, Clinical research associate, Deepam hospitals

Date – 26/11/2021

With an aim of increasing knowledge about clinical research, Dr. D. Y. Patil College of Pharmacy, Akurdi had arranged an expert session by Dr. Padmavathi, Clinical research associate, Deepam hospitals.

The session was started by providing an overview on “What is Clinical Research? Further Dr. Padmavathi discussed various steps of research for different aspects like drugs, biologics and medical devices. In the session, students came to know about basic qualifications required to enter the Clinical Research industry and various Pharmaceutical and Clinical Research Organizations in India.

The ever increasing interest of students in the subject and enthusiasm to know more about the topic, made this guest lecture a success. Our students and all the participants had a great time in this new and knowledgeable session.

Dr. D.Y. Patil Pratishthan's
Dr. D.Y Patil College of Pharmacy
Akurdi, Pune- 411044

Topic – Trends and Transformations in Quality Assurance

Name of the Alumni– Mr. Swapnil Shinde, Senior Executive, Clin Choice, Pune, India

Date – 10/11/2021

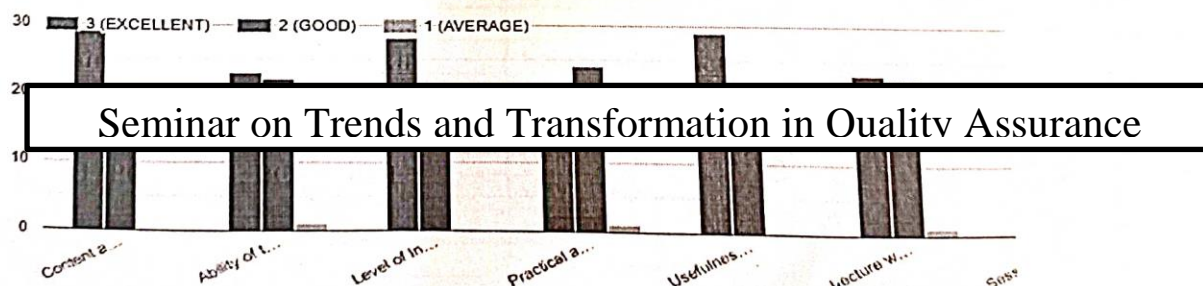

Attendance: 46

Dr. D. Y. Patil College of Pharmacy had organized a guest session on 'Trends and Transformations in Quality Assurance'

The speaker for the session was Mr. Swapnil Shinde, he guided students about the Trends and Transformations in quality assurance and the job available in this arena.

Recent trends in digital Marketing as businesses continue to evolve and adopt new technologies, the field of quality assurance is also undergoing significant transformations. The session titled "Trends and Transformations in Quality Assurance" aimed to shed light on the latest trends and best practices in the field. The speaker, an industry expert, shared insights on how businesses can improve the quality of their products and services while staying up-to-date with the latest trends in quality assurance. One major trend in quality assurance is the use of automation. Businesses are increasingly using automation tools to test software and products, which can help identify bugs and issues early on in the development process. This not only saves time and resources but also leads to better-quality products that are more likely to meet customer expectations. The speaker also emphasized the importance of continuous testing and integration. Businesses that adopt an agile development approach can benefit from continuous testing and integration, which allows them to detect and resolve issues quickly. In conclusion, the session on "Trends and Transformations in Quality Assurance" highlighted the importance of staying up-to-date with the latest trends and best practices in the field. By embracing automation, machine learning, and continuous testing and integration, businesses can improve the quality of their products and services while minimizing costs and maximizing customer satisfaction. Additionally, a customer-centric approach can help businesses stay competitive and maintain a strong reputation in the marketplace.

Topic Name: Plagiarism of the Manuscripts for the Publication.

Name of the speaker: Dr. (Mrs) Pallavi M. Chaudhari.

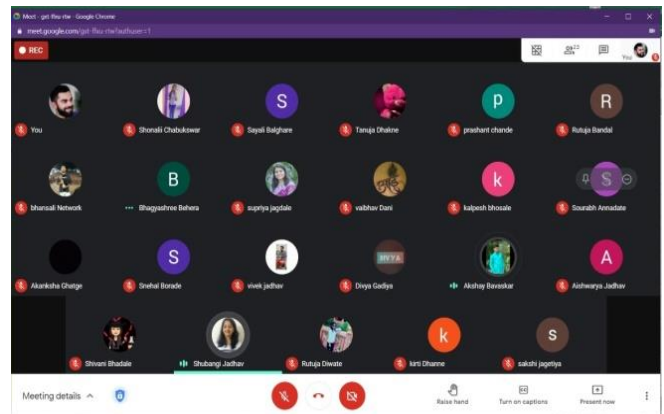

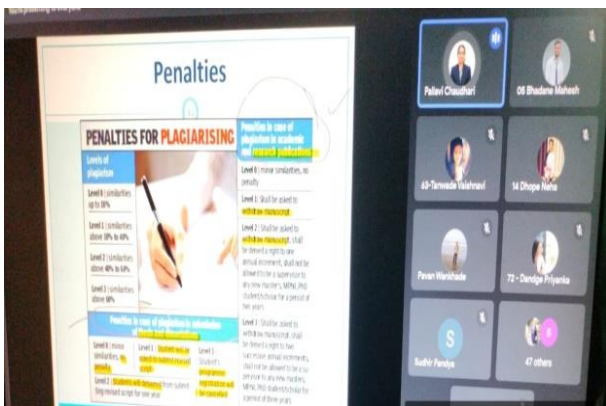

No of Beneficials: 60

Date: 08/10/2021

Report: Presenting work or ideas from another source as your own, with or without consent of the original author, by incorporating it into your work without full acknowledgement is called Plagiarism. Plagiarism is considered a breach of academic integrity and publishing ethics. So to get a detailed knowledge to all the students and faculty members of the college, a seminar on Plagiarism of the manuscripts for the publication was arranged on 8th October 2021. The speaker for the session was Dr. (Mrs) Pallavi M. Chaudhari Associate professor of Dr. D.Y Patil College of Pharmacy Akurdi Pune.

The role and importance of plagiarism was briefly discussed by the speaker and the overall session was informative to all the students. She discussed the ways to check the plagiarism for avoiding the rejections for the publications. We hope she will cover other extra points in the upcoming sessions.

Topic Name: Indexing of the Journals
Name of the speaker: Dr. Devendra S. Shirode.
No of Beneficials: 60
Date: 08/10/2021

Report: Indexation of a journal is considered a reflection of its quality. Indexed journals are considered to be of higher scientific quality as compared to non-indexed journals. For this purpose, to gain knowledge regarding the indexing for research college had arranged the seminar on the topic Indexing of the journals for all the students. Dr. Devendra Shirode conducted the session very well and interactive. He expressed the current scenario regarding indexation services that have come up. These include caspur, DOAJ, Expanded academic ASAP. He also asked some questions at the end of the session which were solved by the students and vice versa.

The session proved to be informative in all aspects of the research culture. He resolved the questions arised from the student section regarding same.

Three days webinar series organized by Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune, on the theme “Ethical Principles Governing Pharmacy”

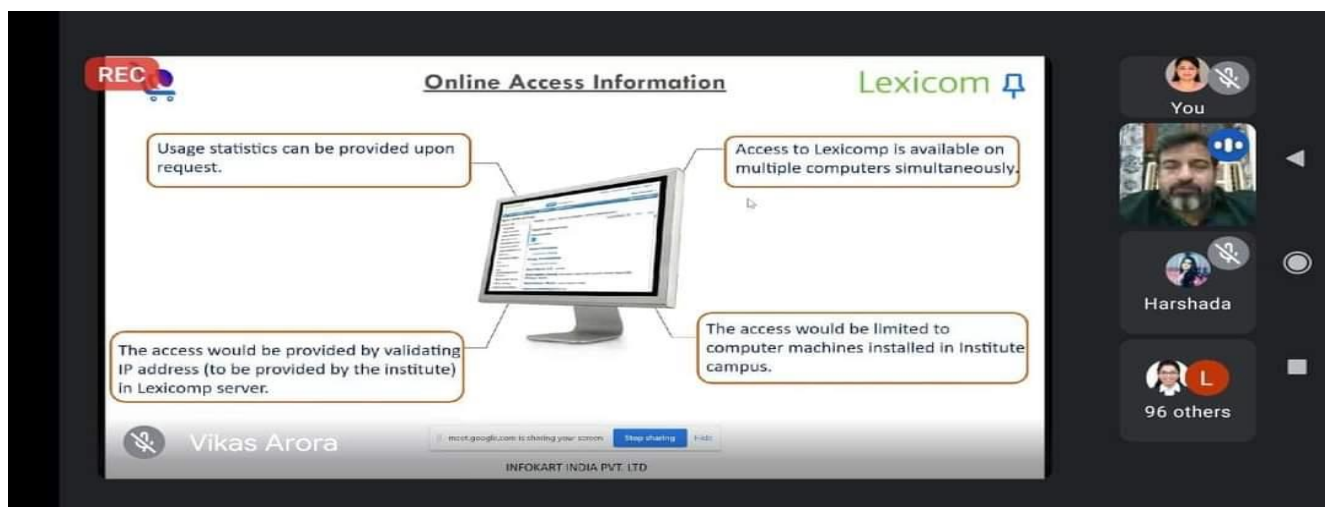

Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune, in its endeavor to provide a platform for thought-provoking deliberations, had organized three days webinar series, on the theme “Ethical Principles Governing Pharmacy” from 11th to 13th May 2021. The major objective was to apprise researchers and academicians about diverse aspects of principles governing pharmacy related to authentication of drug information for healthcare professionals and patients, publication proficiency for their research work, promotion of animal ethics and strive to extend its principles for care by recommended and approved methods.

On this occasion, Principal Dr. N. S. Vyawahare appreciated the efforts of all the speakers, in their respective field and emphasized the objective along with the importance for conduct of these webinar series.

This webinar series was coordinated by Dr. Devendra Shirode under the guidance of Principal Dr. N. S. Vyawahare, while Ms. Shivani Patil introduced the speakers of the session.

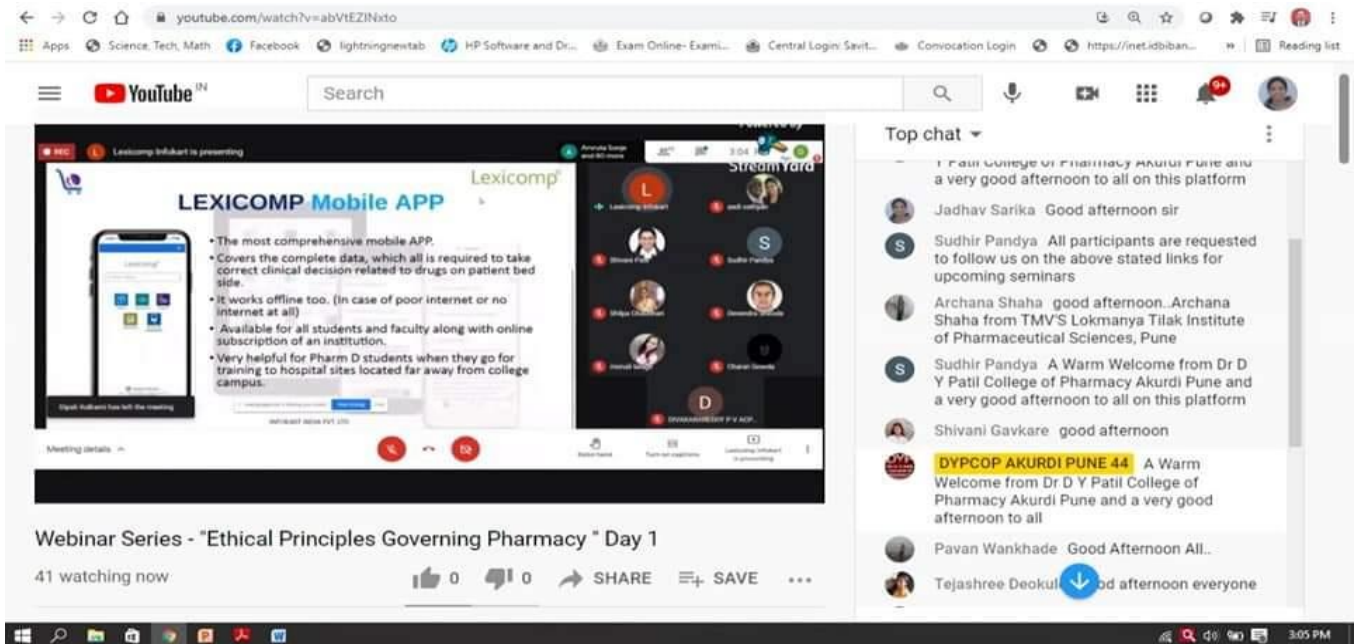

The first webinar on “Patient-centric drug information service for reducing medication errors”, was conducted on 11th May, wherein Mr. Vikas Arora, Director, Infokart India Pvt. Ltd presented an insight on effective use of Lexicomp software, an evidence base information tool, to improve patient safety, ensure compliance and elevate the quality of patients care through drug information services. The second webinar was on “Publication proficiency: Pharmaceutical Avenue” was conducted on 12th May, in which Dr. V. A. Chakkarwar, Director, (Prime editors) & President (Society for R & D in Health Sciences) emphasized on proficiency for writing and publication. Sir also talked on the significance of soft skills for publication was highlighted. He also portrayed how the TRP of a publication can be improved by selection of user-friendly software. Thus, his words “Write for reader and not for writer”, needs to be implemented by all to polish one’s publication. While the third webinar on “Human animal relationship” was conducted on 13th May, in which Dr. P. B. Wangikar, Director, PRADO-Preclinical R & D, Pune, discussed on advancement of knowledge, legislations and the acts intended for specific experiments to be performed with due care so as to minimize the pain inflicted on the animals.

Overall the sessions were very illuminating and engrossing which have been benefited to more than 500 participants from various institutes. Thus, sessions ended with brainstorming questions & answers with vote of thanks proposed by Mrs. Vrushali Patil.

[BACK TO OVERALL SUMMARY](#)

Topic – Business development functions within the life Sciences Industry

Name of the speaker – Ms. Preeti Imym Desai

Attendance: 65

Date: 16/02/2021

Business development is a combination of strategic analysis, marketing, and sales. Business development professionals can be involved in everything from the development of their employers' products and services, to the creation of marketing strategies, to the generation of sales leads, to negotiating and closing deals. The job of the business development professional is typically to identify new business opportunities.

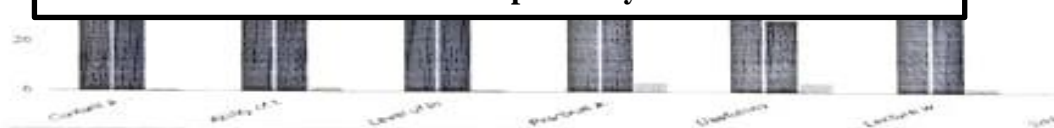

whether that means new markets, new partnerships with other businesses, new ways to reach existing markets, or new product or service offerings to better meet the needs of existing markets and then to go out and exploit those opportunities to bring in more revenue.

She focused on the business possibility for some scientific idea, often in embryonic stage. Their survival as companies and growth relies on the quality of the science but to a great extent on the team: the inventiveness of the scientists and other founding members, who, in order to transform the ideas into products, need access to money – often a lot of money, when it comes to the development of products for human health.

Topic- Lets explore Conventional ways

Name of the speaker- Mr. Saurabh Wadghar, Associate Bioinformatics Engineer,
Strand Life Sciences, Bengaluru, Karnataka

Attendance: 48

Date: 11/2/2021

Dr. D. Y. Patil College of Pharmacy had organized a guest session on "Homology Modelling"

Mr. Saurabh Wadghar, an alumnus of our college, spoke at the session. He explained about how to use gene sequencing software, how to get protein and ligand structure from publicly available databases. Also few ideas about different programming languages used in clinical/ data analysis.

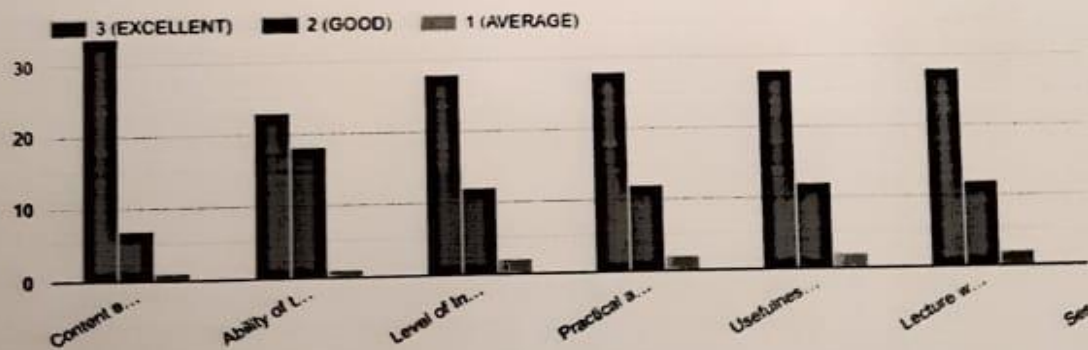

The seminar was both eavesdropping and beneficial for aspiring students.

Topic: Introduction to IPR tools

Date: 12/01/2021

Name of Speaker: Dr. Sanjay Kshirsagar

Report: Due to increasing awareness and importance of Research in Pharmacy sector, most of the students put efforts and publish research and review articles in indexed journal. So, in order to explore and introduce them with various ways for protection (benefits) of research ideas to explore the knowledge related to patents, trademarks, copyrights, geographical index etc. Initiatives are also taken by the students and faculty members for awareness of IPR through publishing the patents thereby improving research culture.

Dr. Sanjay Kshirsagar shared brief information regarding various tools of IPR like patents, copyrights, etc. and it's process for publication. The seminar proved informative to all the faculty members and queries were answered at the last.

Topic- Global scenario of pharmaceutical market

Name of the speaker- Mr. Het Shaha, Sr. Process Analytical scientist-II, Jansen Pharmaceuticals, USA.

Attendance: 60

Date: 11/01/2021

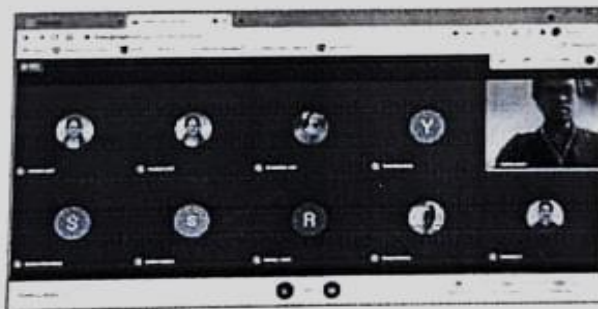

Dr. D. Y. Patil College of Pharmacy had organized a guest session on "Global scenario of pharmaceutical market". Mr. Het Shaha, a former student of our college, delivered the speech for the session. He informed the students on recent developments in the pharmaceutical industry, such as new research and advancements. He also spoke on the global market's prospective future.

This session aims to assess, analyze and highlight opportunities and problems of the Indian pharmaceutical sector in the broader national health-care industry. The recent changes in the field, at the institutional and corporate levels, have placed India in the spotlight of the global pharmaceutical market, but several threats and weaknesses could limit this expansion.

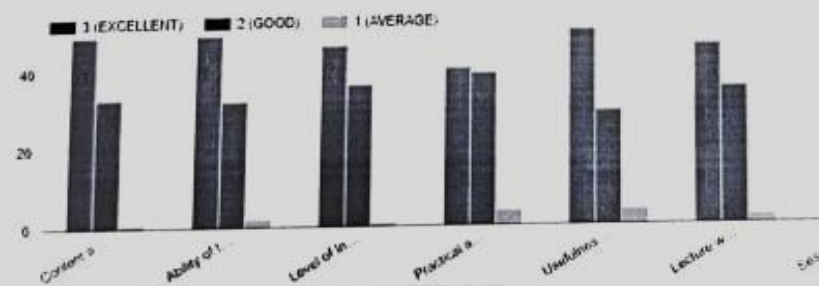

Mr. Het Shaha, focused on a global overview of the potential growth and development of the Indian pharmaceutical sector, comparing it with internal trends and external competition. The most relevant contribution of the research relies on the shift to innovative production that Indian companies must adopt (after years of focusing only on generic drugs), and in this vein, appropriate industrial marketing solutions are indispensable.

The discussion was both educational and engaging.

1) Selection of Polymers in Drug Delivery

SESSION ON: SELECTION OF POLYMERS IN DRUG DELIVERY

RESOURCE PERSON:
DR. PARESH RAMESH MAHAPARALE
GOVERNMENT COLLEGE OF PHARMACY, AURANGABAD

29th FEB 2020
10 AM

[BACK TO OVERALL SUMMARY](#)

Report of Expert Talk

Topic: Selection of Polymers in Drug Delivery

Date: 29.02.2020

Name of Speaker: Dr. Paresh Ramesh Mahaparale

Dr. D. Y. Patil College of Pharmacy Akurdi, Pune had arranged a lecture on the topic Selection of Polymers in Drug Delivery which was delivered by Dr. Paresh Ramesh Mahaparale. Polymers play different roles in the design of pharmaceutical dosage forms, they can be used as suspending, emulsifying, binding and flocculating agents and as adhesives, packaging and coating material, they can also be used to make gels, nanoparticles, microparticles and various capsules.

In this session the students were highlighted about the criteria followed in polymer selection which are based on solubility, ease of synthesis, finite molecular weight, compatibility with biological environment, biodegradability and good drug-polymer linkage.

The students of Dr. D. Y. Patil College of Pharmacy took interest in this session because polymer based pharmaceuticals are starting to be seen as key elements to treat many lethal diseases that affect a great number of individuals such as cancer. The synthetic polymers can be designed or modified as per requirement of the formulation by altering polymer characteristics. Several polymers have been successfully used and others are being investigated as excipients in the design of dosage forms for effective drug delivery.

Dr. Paresh Ramesh Mahaparale enlightened the students about the significance and importance of polymers in pharma industry and their use and importance in the novel drug delivery systems.

Topic: Career Aspects of Intellectual Property Rights

Date: 30/01/2020

Name of Speaker: Dr. Sanjay Toshniwal,

Comultant, Global Intellectual Property at Wockhardt Research center Parbhani Area, India

The guest lecture on "Career Aspects of Intellectual Property Righer was seccessfully conducted by, Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune, on 30th January 2020. The lecture began with introduction of Dr. Sanjay Toshniwal and was followed by the felicitation. The objective of this guest lecture was to provide the students guidance on the Career Aspects of Intellectual Property Rights. The students also got appropriate guidance on the various career options related to the Intellectual Property Rights.

The speaker gave information about the various definition in the Intellectual Property right that is had by a person or by a company to have exclusive rights to use its own plans, ideas, or other intangible assets without the worry of competition, at least for a specific period of time. These rights can include copyrights, patents, trademarks, and trade secrets. The speaker gave the various applications of the Intellectual Property Rights in various fields as well as in the field of Pharmacy.

The students also agreed to follow the rules in Intellectual Property Rights on personal level. The students got a clearer vision on the Intellectual Property Rights and the laws and orders to be followed by the industries will carrying out while various processes right from the raw material testing to the quality testing of the final product. The audience were very interactive and cooperative throughout the session and the session was carried out in a great harmony. And hence the lecture was a success.

Dr. N.S Vyawahare

3) Counselling of Clinical Research Management

SEMINAR ON: COUNSELLING OF CLINICAL RESEARCH MANAGEMENT

**RESOURCE PERSON:
MRS. NEHA SHARMA**

**CHIEF ADVISOR, CLINICAL SERVICES
AND CORPORATE INTERFACE**

**13th JAN
2020
12 PM**

[BACK TO OVERALL SUMMARY](#)

Dr.D.Y Patil Pratishthan's
Dr. D.Y Patil College of Pharmacy
Akurdi Pune – 411044

Topic: Counselling on Clinical Research Management

Date: 13-01-2019

Name of Speaker: Mrs. Neha Sharma

Chief Advisor, Clinical services and corporate interface.

The chief guest was first inaugurated and greeted by the host. The introduction of the chief guest was given. The host then started the session and asked her to Counsel on Clinical Research Management.

A Clinical Research is a systematic study for new drugs in human subjects to generate data for discovering Or verifying the Clinical, Pharmacological (including pharmacodynamic and pharmacokinetic) or adverse Effects with the objective of determining safety and efficacy of the new drug was explained by the speaker. She explained in detail that this system is used to manage study start-up and amendment activities, track regulatory approvals, provide access to study documents, track subject activities and manage study financials and billing compliance.

The following points were extended in detail by her.

Supervising and coordinating a clinical monitoring team, ensuring a health care product meets all government regulations and standards, reviewing study designs and research protocols to ensure adherence to scientific methods and ethical standards, determining eligibility criteria for study participants based on their demographics, health status, and other relevant factors, training clinical research team members and evaluating their performance, enlisting, identifying, and choosing locations and coordinating site management activities, identifying potential research sources, providing liaison, consultation, and administrative coordination between sponsoring organizations, research subjects, or regulatory agencies, evaluating research findings and preparing reports on their effects on clinical practice

At the end of the session, the chief guest was honoured and thanked by host.

PO's Mapped: PO1, PO2, PO3, PO4, PO6, PO7, PO9, PO11.

TWO DAYS STATE LEVEL SEMINAR ON
“PHARMACOECONOMICS: QUALITY OF LIFE”
(10th and 11th January 2020)**

Dr. D. Y. Patil College of Pharmacy
(NBA, Accredited; UG)
Dr. D. Y. Patil Educational Complex,
Akurdi, Pune - 411 044

Vision
To impart quality education to the students and mould them into proactive multifaceted Pharmacists

Mission
To establish a center of academic excellence and research in pharmacy education and thereby produce professionally competent and ethically sound Pharmacist to cater to the needs of the global society

Program Educational Objectives (PEOs)
After graduation students will,

1. Reflect critical thinking and problem solving skills through their Pharmaceutical knowledge, expertise and competency in industry, higher studies and research
2. Practice ethics and values in their profession
3. Contribute effectively in various fields of social healthcare system
4. Inculcate leadership and entrepreneurship capabilities through effective communications, appropriate time management and self up-gradation.

ABOUT THE SEMINAR

To interpret and anticipate consequences of financing models and budgeting processes

To get familiar with theories on budgets & controlling direct, indirect and intangible costs, virtual & real gains.

To provide an understanding of common methodologies used in pharmacoeconomic analysis.

ACCOMODATION

Accommodation will be provided on payment basis to participants on first come first serve basis.

Accommodation Committee:

Mr. A.V. Kulkarni- 7276710502
Dr. V. R. Vaidya- 9423324249

Registration: Free

ABOUT THE PRATISHTHAN

Dr. D. Y. Patil Pratishthan was established by Padmashree Dr. D. Y. Patil in 1990 with the aim of providing quality education in all fields thus disseminating education to deserving students and thereby helping them to realize their dreams of career in professional courses. It runs several Institutes in India at Pune, Kolhapur and Navi Mumbai in Pharmacy, Engineering, Medical Sciences, Dental, Architecture, Management, Applied Arts, Agriculture.

ABOUT THE COLLEGE

Dr. D. Y. Patil College of Pharmacy was established in 1999. The college is located in lush green campus of Dr. D. Y. Patil Educational Complex, Akurdi, spread over 32 acres of land with all ultramodern facilities. The college is having state-of-the-art infrastructure and modern amenities to develop quality Pharmacy professionals. The college currently offers B. Pharm. M. Pharm. (Pharmaceutics and Pharmaceutical Quality Assurance) Course and Ph.D. (Pharmaceutical Sciences) course.

Accolades:

NBA re-accredited
AICTE CII Survey Gold rank (4 consecutive years)
Permanently affiliated to SPPU
NIRF 69 th rank
Amongst top five Pharmacy colleges in Pune region

[BACK TO OVERALL SUMMARY](#)

Topic: Clinical Data Management
Name of Speaker: Mr. Anup Wagh, Drug Safety Specialist Tata Consultancy Services, Mumbai
Attendance: 50
Date: 15/10/2019

Dr. D. Y. Patil College of Pharmacy had organized a guest session on 'Clinical Data Management

The speaker for the session was Mr. Anup Wagh, he guided students about the Clinical Data Management and the job available in this arena.

The session began with an introduction to clinical research, highlighting the importance of data in clinical research and the need for accurate and reliable data to make informed decisions about patient care and treatment. The students then explained the concept of CDM, which involves collecting, managing, and analyzing clinical data. The session then moved on to data collection, which is the first step in CDM. The students explained that data can be collected from various sources, including electronic health records, laboratory reports, and patient questionnaires. They emphasized the importance of data accuracy, completeness, and consistency in ensuring the validity and reliability of research findings. The session then covered data processing, which involves organizing and cleaning the collected data. The students highlighted the importance of data cleaning in removing errors and inconsistencies from the data, which could affect the validity of the research findings. The next step in CDM is data validation, which involves verifying the accuracy and completeness of the collected data. The students explained that data validation is essential to ensure the reliability of the research findings. The session then covered data analysis, which involves using statistical methods to analyze the collected data. The students explained that data analysis is critical in determining the efficacy and safety of drugs and medical devices. The session concluded with a discussion on the importance of CDM in clinical research and its impact on patient safety. The students emphasized that accurate and reliable clinical data is essential in making informed decisions about patient care and treatment. Overall, the session was informative and engaging, with the students doing an excellent job of explaining the complex process of CDM. The session highlighted the importance of data accuracy, completeness, and consistency in clinical research and its impact on patient safety. The attendees gained a good understanding of the subject matter, and the students are to be commended for their excellent work in conducting the session.

MR. MAROTI SHELAKHE
R & D DEPARTMENT

TOPIC: INTERNATIONAL
SCENARIO FOR
REGULARITY AFFAIRS

DATE: 12 OCTOBER
2019
TIME: 9:30 AM

[BACK TO OVERALL SUMMARY](#)

Topic: International Scenario for regulatory affairs

Name of Speaker: Mr. Maroti Shelake, R & D Department, IQGEN-X Pharma Pvt LTD Navi Mumbai

Attendance:

Date: 12/10/2019

Dr. D. Y. Patil College of Pharmacy had organized a guest session on 'Trends and Transformations in Quality Assurance'

The speaker for the session was Mr. Maroti Shelake, he guided students about the International Scenario for regulatory affairs in different countries and approval processes.

The session titled "International Scenario for Regulatory Affairs" aimed to provide insights into the latest trends and developments in regulatory affairs on a global scale. The speaker, an industry expert, shared their expertise on how businesses can navigate the complex regulatory landscape and stay compliant with the latest regulations and guidelines. One major trend in regulatory affairs is the increasing globalization of regulations. As businesses expand their operations across borders, they must comply with a range of different regulations and guidelines. This requires a deep understanding of the local regulatory landscape and ongoing monitoring of regulatory changes to ensure compliance. Another trend is the increasing importance of digital technologies in regulatory affairs. The use of electronic submission systems and other digital tools can streamline the regulatory process and make it easier for businesses to stay compliant with the latest regulations. This can also lead to faster approval times and more efficient regulatory processes. The speaker also highlighted the importance of collaboration and communication in regulatory affairs. Businesses must work closely with regulatory authorities and other stakeholders to ensure that their products and services meet the necessary regulatory standards. This requires ongoing communication and collaboration to identify and resolve issues, as well as to stay up-to-date with the latest regulatory changes and guidelines. Another important aspect of regulatory affairs is the need to stay informed about emerging trends and best practices. Businesses must stay up-to-date with the latest regulatory developments in their industry and continually evaluate and update their regulatory compliance strategies. This requires ongoing training and education for regulatory affairs professionals to ensure that they have the necessary knowledge and skills to stay compliant. In conclusion, the session on "International Scenario for Regulatory Affairs" highlighted the increasing complexity and globalization of regulatory affairs, as well as the importance of digital technologies, collaboration, and ongoing education and training. By staying up-to-date with the latest regulatory developments and best practices, businesses can ensure that their products and services meet the necessary regulatory standards and maintain a strong reputation in the global marketplace.

Report of Expert Talk

Topic: Career in Clinical Research and Pharmacovigilance.

Date: 03/10/2019

Name of Speaker: Mrs. Neha Sharma, Mr. Shrinivas Inamdar and Mr. Abhijeet Mane.

Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune had arranged a lecture on Career in Clinical Research and Pharmacovigilance it was delivered by Mrs. Neha Sharma, Mr. Shrinivas Inamdar and Mr. Abhijeet Mane. In this guest lecture the speakers explained the students about the various career options students can choose in the field of clinical research and pharmacovigilance.

Clinical research and pharmacovigilance courses offer excellent career options to graduates and post graduates in Life Sciences like Microbiology, Biotechnology, Biochemistry or Nursing, Medical, Dental and Pharmacy. The objective of courses in clinical research and pharmacovigilance is to develop experts to monitor the adverse effects of the drugs available in the market. The scope of such courses is to help raise global standards in introducing novel medicines which provide relief from various diseases. They also help provide quality learning ecosystem in pharmaceutical companies that manage data and various operational factors related to these field.

The students were very curious and inspired by the topic of the lecture and took active part in the session and were surely benefitted by this lecture and were very grateful for the speakers had cleared the doubts they had about this career option.

8) New Venture Creation

SEMINAR ON: NEW VENTURE CREATION

**RESOURCE PERSON:
DR. SUDHIR PANDYA**

**PROFESSOR, DR. D. Y. PATIL
COLLEGE OF PHARMACY, AKURDI, PUNE**

**12th SEP 2019
9:30 AM**

[BACK TO OVERALL SUMMARY](#)

Dr.D.Y Patil Pratishthan's
Dr. D.Y Patil College of Pharmacy
Akurdi, Pune – 411044

Topic: New Venture Creation.

Date: 12/09/2019

Name of Speaker: Dr. Sudhir Pandya

Professor, Dr.D.Y. Patil college of Pharmacy, Akurdi, Pune

The chief guest was inaugurated and greeted. Then the host introduced him. The host also introduced the event. Then he was asked to start the session.

Dr. Sudhir Pandya sir explained that the process of turning a new idea or technology into a business that can succeed and will attract investors. He further explained that idea generation, opportunity evaluation, planning, company formation/launch and growth are the 5 main factors of new venture creation. And he summarized every topic in detail.

He also explained that the four stages of the venture lifecycle in order are Establish Venture, Build Product, Market Launch and Customer Success.

This session inspired our students and faculty members. It also guided some students who wanted to be a successful entrepreneur. So, the session was a success.

Topic: Computer aided docking studies

Name of Speaker: Mr. Saurabh Wadghar, Associate Bioinformatics Engineer,
Strand Life Sciences, Bengaluru, Karnataka

Attendance: 40

Date: 20/08/2019

Dr. D. Y. Patil College of Pharmacy had organized a guest session on 'Computer aided docking studies' The speaker for the session was Mr. Saurabh Wadghar, he guided students about the Computer aided docking studies and the job available in this arena.

the session was on Computer-aided Docking Studies was conducted, aimed at providing attendees with an overview of the use of computational methods to study protein-ligand interactions. The session covered various aspects of computer-aided docking studies, including the fundamental concepts and techniques used in the process.

The session began with an introduction to protein-ligand interactions, emphasizing the importance of understanding these interactions in drug discovery and design. The students then explained the concept of molecular docking, which is a computational method used to predict the binding orientation and affinity of a ligand to a protein.

The session then moved on to the process of molecular docking, which involves three main steps: preparation of the protein and ligand structures, search of the conformational space, and evaluation of the docking results. The students explained each step in detail and highlighted the importance of each step in the overall process. The session also covered various techniques used in molecular docking, including docking algorithms, scoring functions, and visualization tools. The students explained how these techniques are used to optimize protein-ligand interactions and to predict the binding affinity and selectivity of a ligand.

The session concluded with a discussion on the applications of computer-aided docking studies in drug discovery and design. The students highlighted the advantages of using computational methods over experimental methods, including cost-effectiveness, speed, and the ability to predict the properties of new ligands before synthesis.

Overall, the session was informative and engaging, with the students doing an excellent job of explaining the complex process of computer-aided docking studies. The session highlighted the importance of understanding protein-ligand interactions in drug discovery and design and the role of computational methods in facilitating this understanding. The attendees gained a good understanding of the subject matter, and the students are to be commended for their excellent work in conducting the session.

Report

Topic : "Pharmaceutical Research and Development"
Date : 23th March 2019
Name of Speaker : Mr. Promod Sanap,
Research Associates,
Lupin Research Park,
Pune.

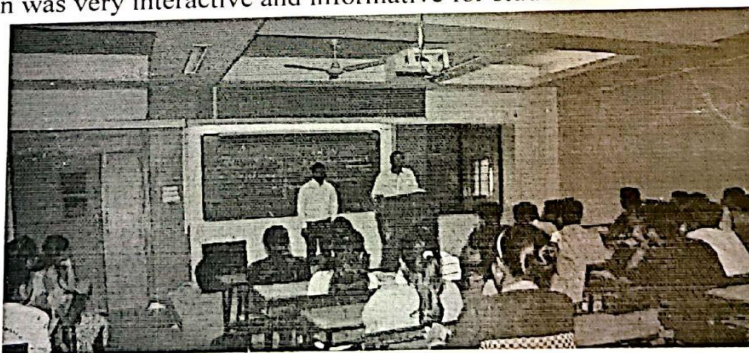

A guest talk of our alumnus Mr. Promod Sanap was organized by Alumni Association of Dr. D.Y. Patil College of Pharmacy, Akurdi, Pune on topic "Pharmaceutical Research and Development" for students on 23th March 2019

Mr. Promod briefed about of Research and development. He said that R& D is purposeful and systematic use of scientific knowledge to improve man's lot even though some of its manifestation do not meet with universal approval. To develop new knowledge and apply scientific or engineering knowledge to connect the knowledge in one field to that in others.

He explained cycle of research development which included points like

- design, develop and test,
- Impement study efficacy and improvement,
- sacleuup and study effectiveness,
- synthesis and theories,
- explore , hypothesize and clrifyetc

He also briefed about various job opportunities after B. Pharm and what qualities we must have to grab those opportunities. After the session he shared his various job related experiences with students. Session was very interactive and informative for students

Interactive session of alumnus Mr. Promod Sanap on topic 'Pharmaceutical Research and Development'

2) Perspective of Regulatory Agencies

[BACK TO OVERALL SUMMARY](#)

Dr. D.Y Patil Pratishthan's
Dr. D.Y. Patil College of Pharmacy
Akurdi, Pune – 411044

Topic: Perspective of Regulatory Agencies

Date: 21st February 2019.

Name of Speaker: Mr. Advay Rajhans, Product Manager, Eisen Pharmaceuticals Co Pvt. Ltd., Mumbai

Dr. D.Y Patil College of Pharmacy arranged guest lecture on topic “Perspective of Regulatory Agencies” for students. The guest speaker Mr. Advay Rajhans was heartily welcomed by final year student Mr. Abhishek Swami. The lecture was attended by all students of B. Pharm. Mr. Advay Rajhans started the session with his brief introduction on the topic. Speaker shared critical role of Regulatory agencies in healthcare sectors. He also focused on role of Regulatory Agencies in new drug development process. Later he explicated about Drug information center, Quality control, drug laws, Drug regulatory boards and drug regulatory agency like Central Drug Standard Control Organization (CDSCO) Ministry of Health & Family Welfare (MHFW) Indian Council Of Medical Research (ICMR) Indian Pharmaceutical Association (IPA) Drug Technical Advisory Board (DTAB) Central Drug Testing Laboratory (CDTL) Indian Pharmacopoeia Commission (IPC) National Pharmaceutical Pricing Authority (NPPA) etc. During his session students also shared information regarding central licensing and Mr. Advay Rajhans clarified their doubts regarding licensing procedures and also elaborated wide functions of central government in the licensing process.

The session was very interactive and students participated enthusiastically.

The vote of thanks was given by a final year student Ms. Pragya Gigoo presented a small token of appreciation to our valuable guests.

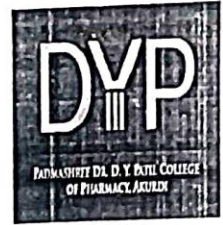

Mr. Advay Rajhans, Product Manager, Eisen Pharmaceuticals Co Pvt. Ltd., Mumbai Interacting

TWO DAYS NATIONAL LEVEL CONFERENCE ON
"ART OF SCIENTIFIC WRITING AND
PUBLICATION/ ROLE OF RESEARCH
PROPOSAL IN SCIENTIFIC INVESTIGATIONS"
On 15th and 16th February 2019

Dr. D. Y. Patil Educational Complex
Dr. D. Y. Patil College of Pharmacy
Sector 29, Pradhikaran Akurdi, Pune - 411 044

Vision

To impart quality education to the students and mould them into proactive multifaceted Pharmacists

Mission

To establish a centre of academic excellence and research in pharmacy education and thereby produce professionally competent and ethically sound Pharmacists to cater to the needs of the global society

Program Educational Objectives (PEOs)

After graduation students will,

1. Reflect critical thinking and problem solving skills through their Pharmaceutical knowledge, expertise and competency in industry, higher studies and research
2. Practice ethics and values in their profession
3. Contribute effectively in various fields of social healthcare system
4. Inculcate leadership and entrepreneurship capabilities through effective communications, appropriate time management and self-up-gradation

ABOUT THE CONFERENCE

The main objective of the conference is to bring together the academicians, researchers and experts from different funding agencies of interdisciplinary field to deliberate on the purpose of scientific writing to communicate scientific research findings to other people.

The conference will help the authors to organize their ideas in a logical and concise manner, aided by examples of desirable and undesirable structures in scientific writing, putting into practice the concepts presented.

High publication rate in scientific journals is essential for career advancement in academic research.

SUBMISSION OF ABSTRACTS

Abstracts are invited for poster presentations in A4 size word document in Times New Roman style and should not exceed more than 250 words. Title of the abstract should be bold and text should be normal. Font size for title is 14 and 12 for text. The entire abstract must be single spaced. Keywords have to be given in separate line. Accepted abstracts will be communicated to authors by e-mail. Send all contributions by email to conference@dyppharmaakurdi.ac.in, on or before 09th February 2019. Abstract on following topics are invited for poster presentation.

- Pharmaceutics
- Pharmaceutical Analysis
- Medicinal Chemistry
- Pharmacology
- Pharmacognosy
- Quality assurance Techniques

CONFERENCE PROCEEDINGS

The full text of the accepted abstracts will be published in the form of proceedings. At least one author should register on or before 12th February 2019

IMPORTANT DATES

- Last date for sending abstracts: 09th February 2019
- Last date of sending registration form: 12th February 2019

BEST 2 POSTER PRESENTATIONS WILL BE AWARDED

ACCOMODATION

Accommodation will be provided to participants on first come first serve basis. Registration fee does not include accommodation charges. Accommodation details will be mailed to the delegates along with acceptance letter.

ABOUT THE PRATISHTHAN

Dr. D. Y. Patil Pratishthan was established by Padmashree Dr. D. Y. Patil in 1990 with the aim of providing quality education in all fields thus disseminating education to deserving students and thereby helping them to realize their dreams of career in professional courses. It runs several Institutes in India at Pune, Kolhapur and New Mumbai in Pharmacy, Engineering, Medical Sciences, Dental, Architecture, Management.

ABOUT THE COLLEGE

Dr. D. Y. Patil College of Pharmacy was established in 1999. The college is located in the lush green campus of Dr. D. Y. Patil Educational Complex, Akurdi, spread over 32 acres of land with all ultramodern facilities. The college is having state-of-the-art infrastructure and modern amenities to develop the quality Pharmacy professionals. The college currently offers B. Pharm, M. Pharm. (Pharmaceutics and Quality Assurance Technique) Course and Ph.D (Pharmaceutics) course.

REPORT

Savitribai Phule Pune University sponsored Two days National Conference on “Art of Scientific writing and Publication/ Role of Research Proposal in Scientific Investigations” On 15th-16th February 2019

Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune in its endeavour to provide a platform for thought-provoking deliberations, organized Savitribai Phule Pune University sponsored Two days National Conference on “ Art of Scientific writing and Publication/ Role of Research Proposal in Scientific Investigations” on 15th-16th February 2019 with the objective of sensitizing researchers and academicians to various aspects like Scientific writing of research papers etc.

Dr. Surendra Ghaskadbi, Dr V.K Mourya, Dr. Prashant Murumkar, Dr. Anand Mahajan, Dr. Amrita Bajaj, Dr. A.M. Mujundar, Dr. Arati Prabhu, Dr. Jayprakash N. Sangshetti and Dr. Monica Rao were the resource person for the conference organized by Dr. Shubhangi Daswadkar.

Day 1: Felicitation of Chief guest Dr. Surendra Ghaskadbi, Emeritus Scientist (CSIR), Agharkar Research Institute Pune at the hands of Dr. N.S. Vyawahare. Felicitation of evaluator Dr. Anil Pawar, MAEER’s Maharashtra Institute of Pharmacy Pune. Expert Session delivered by Dr. Monica rao, Associate Professor AISSMS College of Pharmacy Pune and Dr. Jayprakash N. Sangshetti, Associate Professor, Y.B Chavan College of Pharmacy Aurangabad.. Evaluation of Poster Competition was done by Dr. Dilnawas Pathan and Dr. Anil Pawar.

Day 2: Expert talk delivered by Dr. Prashant Murumkar, Assistant Professor, MS University, Baroda and Dr. Arati Prabhu Associate Professor Bhanuben Nanavati College of Pharmacy Mumbai. Prize distribution of the competitions and Group photos with delegates was conducted successfully.

Feedback was taken by the college from all the Resource person and doubt solving sessions were carried out at the end on the 2nd day of the conference. Each session was proved to be effective in sector of Research to build the research culture in the institute.

Dr. Shubhangi Daswadkar ended the conference with Vote of Thanks.

Felicitation of Chief Guest

Prize Distribution to delegates

Delegate participant explaining poster to judge during poster presentation competition

ABOUT THE SEMINAR

OBJECTIVE

The prime objective of the seminar is to bring together the academicians, researchers and industrialists of multi-disciplinary field to deliberate on the aspect of use of different computer aided procedures to maintain the records and submit designated information electronically.

SCOPE AND AREA TO BE COVERED

In R&D, digital discovery and the testing of molecules with advanced modeling and computer simulation techniques like physiological simulation helps faster product development and 3-D tissue modeling helps in evaluation of potential toxicity using simulation. Discussion on regulatory requirements for product registration in different geographic regions using digitalised methods and their validation to comply with regulatory requirements. Manufacturing intelligence uses simulation techniques which helps transition of product from bench top to commercial production in less time. Regulatory Intelligence is a systematic process which includes collection of analysis of the data linked to a strategy. Deliberation on digitalisation process which helps production of counterfeit-proof medications with serial numbers that are traceable across the supply chain which can ensure quality. Orientation of PG students in emerging field of medical writing and product life cycle management using digital aids.

ABOUT THE PRATISHTHAN

Dr. D. Y. Patil Pratishthan was established by Padmashree Dr. D. Y. REPORT

**Savitribai Phule Pune University sponsored
Two days State level Seminar on
“Digitalisation in Pharmaceutical Field”
On 28-29th January 2019**

Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune in its endeavour to provide a platform for thought-provoking deliberations, organized Savitribai Phule Pune University sponsored Two days State level Seminar on “Digitalisation in Pharmaceutical Field” ON 28-29TH January 2019, with the objective of sensitizing researchers and academicians to various aspects like Outcomes-based Personalized care, Patient data Digitalisation, Intelligent automation, Efficient disease diagnosis, Smart Clinical Trial Data Management, Cloud Computing, Cyber-security, E-platforms etc.

Dr. A. D. Shaligram Dean, Faculty of Science and Technology, Savitribai Phule Pune University, Pune; Dr. N. S. Vyawahare, Principal Dr. D. Y. Patil College of Pharmacy Akurdi; Dr. V.R. Vaidya, Co-ordinator; Dr. S. P. Chaudhari , Vice-Principal; Dr. P.M. Chaudhari, Academic Co-ordinator were present on dias for the inaugural session.

Dr. N. S. Vyawahare, pointed out advancements and impacts of digital technology on transformation of the Pharmaceutical Industry in his introductory remarks.

Addressing this State level Seminar on “Digitalisation in Pharmaceutical Field” Dr. A. D. Shaligram said that Digitalisation is changing the landscape of Pharmaceutical industry and their relationship with their customers while creating new opportunities for better patient care outcome. In recent years, great strides have been made towards digital ecosystem that constantly monitors a patient's condition and provides feedback to the patient and other healthcare system stakeholders. This ecosystem will help to improve health outcomes by tailoring therapy as per the need of patient's clinical and lifestyle. It will also enable remote monitoring of a patient and adherence to treatment. This drift is expected to hasten in the forthcoming years, as promising fields related to advanced therapies. Despite these progresses, there are still knowledge gaps, technical and regulatory hurdles that can thwart the approval process of these Innovative products.

The State level Seminar on “Digitalisation in Pharmaceutical Field” featured technical sessions addressed by experts, Dr. Amrit Karmarkar, Director InClinition Mumbai; Dr. Haridas Acharya, Professor Allana Institute of Management Science, Pune; Dr. Nilesh

Gandhi, Assistant Commissioner at Food & Drug Administration Mumbai, Dr. S. V. Deshpande Principal, Dr. D. Y. Patil Institute of Pharmacy, Akurdi, Pune; Dr. Neeta Deshpande Dr. D. Y. Patil college of Engineering, Akurdi, Pune; Mr. Abhay Patil, Visionary Edupreneur & Net Preneur, Kotak Life Insurance Pune; Ms. Manzeera Mamillapalli, Sciformix Technologies, Pune; Mr. Ashish Shedge , Manager Aggregate Safety Reports TCS Mumbai; Dr. Sharvil Patil, Poona College of Pharmacy Pune; Dr. Vinay Kulkarni Dr. D. Y. Patil College of Engineering, Akurdi, Pune, Dr. Sonal Mahajan, BSc Biotech, School of Applied Sciences, D Y Patil International University.

Final year student Mr. Abhishekh Swami summarized all the sessions and Dr. Sudhir Pandya proposed a vote of thanks.

Inauguration and Felicitation

Report of Expert Talk

Topic: Transition between Acute and Chronic Oxidative Liver Damage in a Mouse Model for Nonalcoholic Steatohepatitis

Date: 21/01/2019

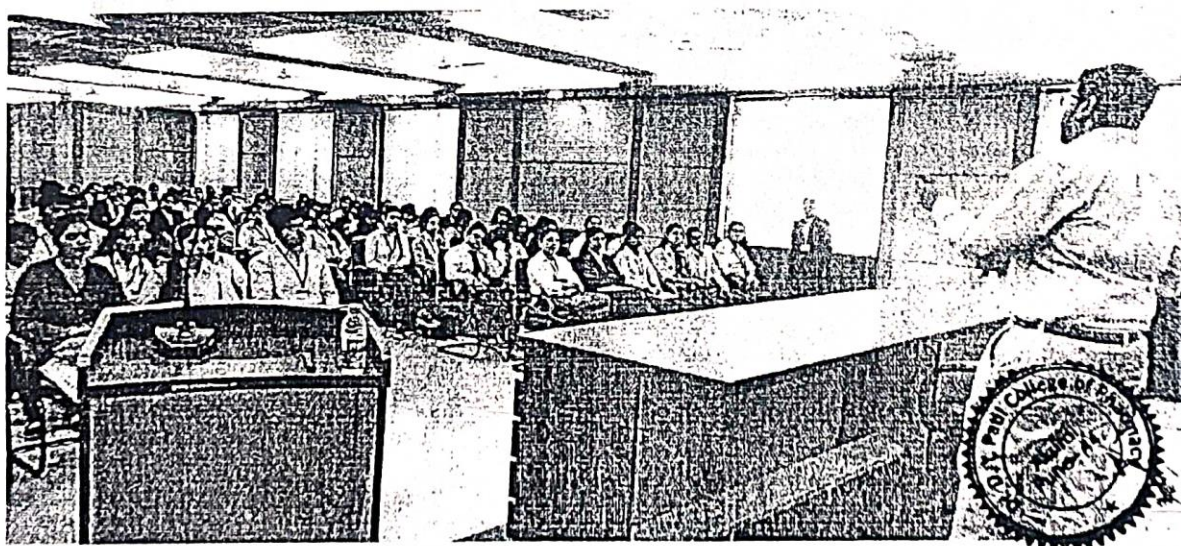

Name of Speaker: Dr. Aniket Nikam, Postdoctoral Research Associate, Sylvester Comprehensive Cancer Center, Miller School of Medicine, University of Miami

Dr. D.Y Patil College of Pharmacy arranged guest lecture on topic “Transition between Acute and Chronic Oxidative Liver Damage in a Mouse Model for Nonalcoholic Steatohepatitis” for students. Final year student introduced speaker Dr. Aniket Nikam.

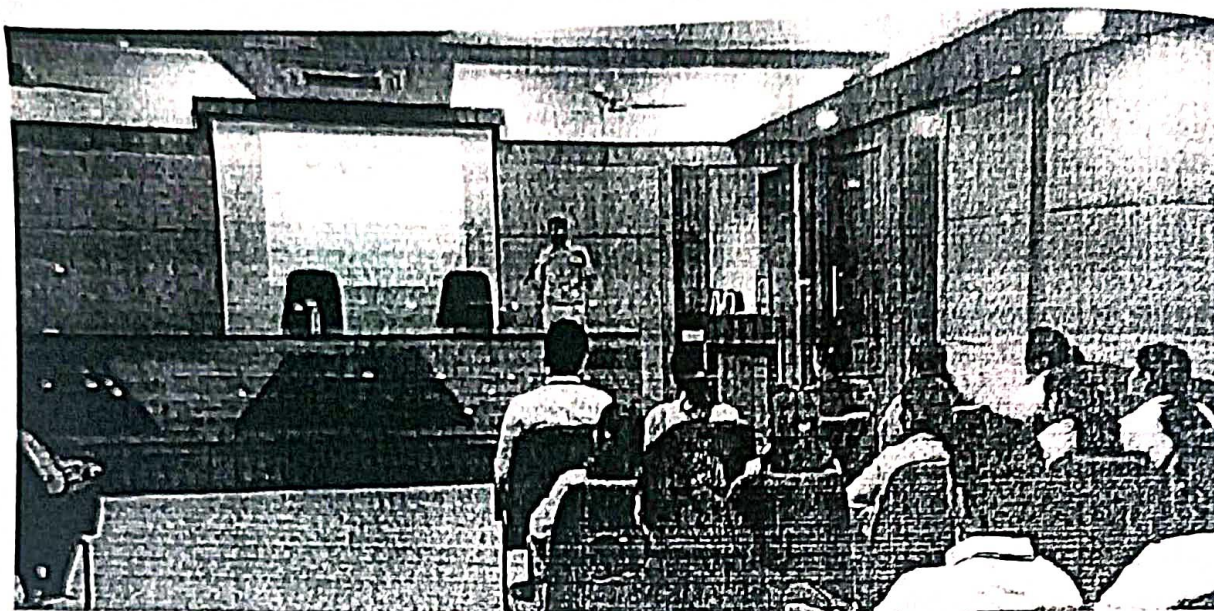

Dr. Aniket Nikam started the session with his brief introduction on the topic. Speaker shared his research experience and tried to create awareness about the research in the budding Pharmacists and also elaborated various research opportunities in aboard.

Dr. Aniket Nikam explained Nonalcoholic fatty liver disease. Steatosis. pathogenesis. development of steatosis. Oxidative stress. lipid peroxidation. cell death etc. He also provided vital insights about role of Animal models in pathogenesis. numerous diet aspects in animal model and histo-pathological study.

The session ended by energetic discussion with students.

[BACK TO OVERALL SUMMARY](#)

Report of Expert Talk

Topic: Drug Regulatory Aspects

Date: 27th September 2018

Name of Speaker: Dr. Arvind Babu, Vice President CRO, Wockhardt Limited, Aurangabad.

Medicines play a vital role in our life hence there must be some regulations for medicines ensuring quality, safety and efficacy of drugs. The regulatory affairs professional is the only one who is completely responsible for holding products in compliance and maintaining all the records. One of the vital activities of the regulatory specialist is to ensure that all the information regarding medicines has been correctly established to the patient. Even a small mistake in any of the activities related to regulatory can make the product to be recall in addition to loss of several millions of the money.

With the aim to understand various aspects of Pharma. Regulatory Affairs, Dr. D.Y Patil College of Pharmacy arranged a guest lecture on the topic “Drug Regulatory Aspects” for our students on 27th September 2018 by Dr. Arvind Babu, Vice President CRO, Wockhardt Limited, Aurangabad.

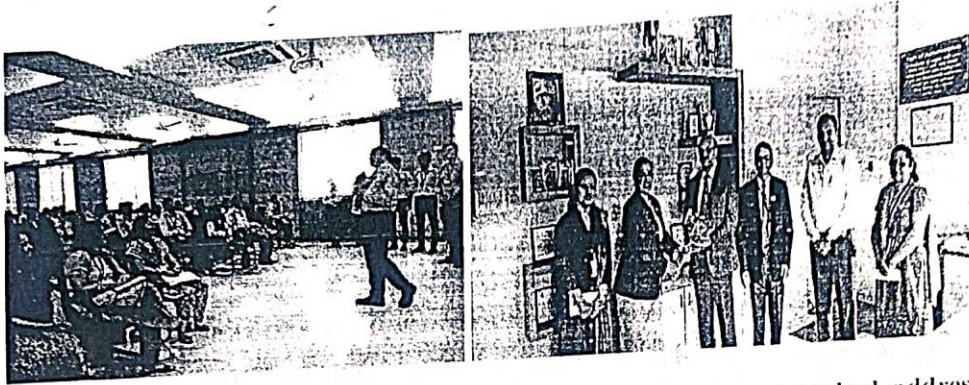

Dr. Babu explained that the pathway of drug development to commercialization is a highly regulated process. Every drug before getting market approval must undergo rigorous scrutiny and clinical trials to ensure its safety, efficacy and quality as per the standards set by regulatory authorities of their respective countries. He also highlighted the line, “Better the scientific precision, the greater will be the chances for a product to come to the market within the expected time”.

Further he explained the importance of regulations of a particular drug product to ensure protection of public health, promotion of the product, drug registration, marketing authorization, import and distribution, pharmacovigilance and controlling the safety and efficacy of products in areas including pharmaceuticals, veterinary medicines, medical devices, pesticides, agrochemicals, cosmetics and complementary medicines.

The session was concluded by a question answer round wherein the students interacted with the speaker.

Report of Expert Talk

Topic: Intellectual property Rights on innovations

Date: 28/07/2018

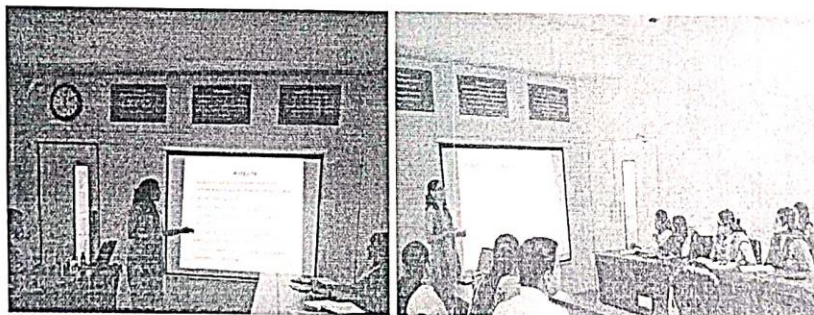

Name of Speaker: Dr. Sanchita Tiwari, Patent Agent, THIRDIP Intellectual Property Services LLP, Pune

Intellectual property is a general term for the set of intangible assets owned and legally protected from outside use or implementation without consent. Stemming from its ability to provide a firm with competitive advantages, defining IP as an asset aims to provide it the same protective rights as physical property. Thus to educate the faculty members about Intellectual property Rights and its procedure, guest lecture of Dr. Sanchita Tiwari on topic "Intellectual property Rights on innovations" was organized by Dr. D. Y. Patil College of Pharmacy, Akurdi on 28th July 2018

The objective of the lecture was to understand aspects of how to patent a research in the college and gain information about procedure of patent.

The speaker began in an interesting tone and stressed the importance and meaning of Intellectual Property, overview of IPR and tried to explain in an easy language regarding the importance of intellectual property and the rights of. She also covered types of IPR, Infringement and scope.

Interactive and energetic discussion with faculty members made the session interesting to all present audience.

REPORT OF GUEST LECTURE

Name of the Speaker: Mr. Indrajeet Guha; Mr. Amitabh Guha

Designation of the Speaker: Proprietor; Training Head

Topic of the seminar: Pharma Sales & Marketing – A lucrative career option with excellent growth prospects.

Date: 23rd July 2018

Class: T.Y.B.Pharm & Final Year B. Pharm

Time: 12:40 p.m.

As per the above details, the session was conducted for us. The said seminar covered an overview of importance of Personality Development and prospects of Pharmaceutical Sales and Marketing for students having a Pharmacy background.

Firstly they acknowledged us about their institute i.e. Aspire Academy which has program related to above topic having 48 sessions. Out of these 8 sessions are about Personality Development. They also offer sessions for learning French and German Languages. They believe that the way of thinking, communication and attitude determines the personality of a person. Also they mentioned about resume Writing, Interview skills etc.

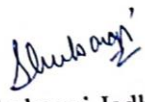

Secondly we were lectured on the prospects of Pharmaceutical Sales and Marketing and the way it opens the door to numerous oppourtunities for Pharmacy graduates. According to them Pharmcaceutical Marketing is the most lucrative job profession. There is a great prospect in Good health care Industries (Hospitals). After experience you can opt for Pharmaceutical Management that ensures higher oppourtunities and increase pay.

In conclusion, the above session helped us in understanding the various aspects of Pharmaceutical Sales Marketing.

Mr. Anirudh Roy
Final Year B. Pharm

Report of Expert Talk

Topic : Current Good Manufacturing Practices
Date : 10/02/2018
Name of Speaker : Ms. Neha Bedmutha
Research Associate, Dept. of IVIVC and Biopharm group ,
Lupin Research Park, Pune

A guest talk on "Current Good Manufacturing Practices" for Final Year B. Pharm students by Ms. Neha Bedmutha, Research Associate, Dept. of IVIVC and Biopharm group, Lupin Research Park, Pune was organized on 10th Feb 2018.

She initiated her talk with overview of Good Manufacturing Practices. The session was made interactive by thought provoking questions posed by Ms. Neha to the students for example what is Good Manufacturing Practices? For which convincing answers were given by the student audience.

Later speaker has narrated her version of answer as follows. CGMP refers to the Current Good Manufacturing Practice regulations enforced by the US Food and Drug Administration (FDA). CGMPs provide for systems that assure proper design, monitoring, and control of manufacturing processes and facilities. Adherence to the CGMP regulations assures the identity, strength, quality, and purity of drug products by requiring that manufacturers of medications adequately control manufacturing operations. This includes establishing strong quality management systems, obtaining appropriate quality raw materials, establishing robust operating procedures, detecting and investigating product quality deviations, and maintaining reliable testing laboratories. This formal system of controls at a pharmaceutical company, if adequately put into practice, helps to prevent instances of contamination, mix-ups, deviations, failures, and errors. This assures that drug products meet their quality standards.

The session went on by addressing QA, GMP & QC inter-relationship, list of important documents in GMP, GMP guidelines like

- GMP as per Schedule "M"
- GMP as per WHO
- GMP as per MCA now known as MHRA
- GMP as per TGA
- GMP as per US FDA
- GMP as per ICH guidelines etc.

A guest was concluded with the records and reports related to Current Good Manufacturing Practices. Session was ended by a small question and answer session wherein doubts of few students were addressed by Ms. Neha. The lecture has proven to be very inspiring and informative for the students.

The first speaker of the conference was Dr. Deepak Kolte, Gynaecologist, Sanjeevani Multispeciality Clinic, Pune and he delivered the seminar on 'Biotherapeutics Modalities in today era of medicine'. He focused on Hepatitis-B recombinant vaccines, Vaccination schedule, Anti-D immunoglobulin. Problems related to cancer and diseases related to pregnancy and its treatment were explained.

Name of Speaker: Dr. Dipak Kolte

Designation: Gynecologist, Sanjeevani Multispeciality Clinic, Pune

Topic: Biotherapeutics Modalities in today era of medicine.

Date: 27th November 2017

Our second speaker of the day was Dr. Dipak Kolte, Gynecologist, Sanjeevani Multispeciality Clinic, Pune. The session started at 10.20 a.m and ended at 11.10 a.m. He delivered the seminar on 'Biotherapeutics Modalities in today era of medicine'. He focused on definition of Biotherapeutics and explained various examples. He majorly focused on Hepatitis-B recombinant vaccines, Vaccination schedule, Anti-D immunoglobulin and Cancer treatment by immunotherapy and mono-clonal antibodies. In Hepatitis-B vaccine session, method of preparation of vaccine was explained along with its importance of getting vaccinated was explained. Other points like how the hepatitis virus is spread and regimen of dosing was discussed. In the session of Anti-D immunoglobulin, he explained the concept of auto-immunization, sensitization, Rh incompatibility in pregnancy and working of the Anti-D injection was briefed. Many case studies related to Anti-D immunoglobulin were discussed. Problems related to cancer and diseases related to pregnancy and its treatment were explained.

[BACK TO OVERALL SUMMARY](#)

Biotherapeutics like monoclonal antibodies, Recombinant antibodies and immunotherapy in cancer treatment was the concluding part of his seminar.

Name of Speaker: Mr. Veerananarayan Nayak
Designation: Avadhoot knowledge city, pvt.ltd. Pune
Topic: Clinical research: Budding field

Date: 27th November 2017

The third speaker Mr. Veerananarayan Nayak commenced his session at 11.15 a.m and ended at 12.00 noon. He gave highlights on topic clinical research as a budding field. His session commenced with definition of Clinical research, safety and efficacy aspects, four phases of Clinical trials i.e Phase I, Phase II, Phase III and Phase IV. Role of people involved in Clinical Trials like doctors, Nurses, Pharmacists, Investigators were introduced. IRB board and its rules and regulations were explained. He also spoke on clinical research center in India and scope of Clinical Trials.

Name of Speaker: Dr. P. R. Mahaparale
Designation: Government college of Pharmacy, Aurangabad.
Topic: Immunopharmacotherapy: Recent Development
Date: 27th November 2017

Our fourth speaker of the day, Dr. P. R. Mahaparale gave highlights on Immunopharmacotherapy: Recent Development. These are agents which are used in therapeutic treatment to enhance the immune response of body. Case study of targeted immune system with pharmacotherapy in schizophrenia was explained. Aduvant therapy, cytokine therapy. Anti-body replacement therapy were focused. Factors diminishing immune response were explained.

The session commenced at 12.05 p.m and ended at 1.00 pm. After this session a lunch break for 30 minutes was given.

Name of Speaker: Dr. R.T. Lohiya
Designation: Head, Department of Pharmaceutical Chemistry SKB College of Pharmacy, Nagpur
Topic: Phyto pharmacological screening of medicinal plants
Date: 27th November 2017

He gave an overview of Phyto pharmacological screening of medicinal plants and its importance.

Name of Speaker: Dr. Mohan Wani.
Designation: Scientist – F, The National Centre for Cell Science, Pune
Topic: Bone Remolding
Date: 27th November 2017

The sixth speaker of the day was Dr. Mohan Wani, Scientist – F, The National Centre for Cell Science, Pune. He enlightened the audience with the topic, 'Bone Remodeling'. The process of natural bone formation, Bone homeostasis, bone cells i.e osteoblasts and osteoclasts were briefed at initial part of session. Later on, Mechanism of bone remodeling, Bone cell development, Osteoclast differentiation were explained in details. He also highlighted bone diseases like Osteoporosis, causes of osteoporosis and drugs used for the same. In the last part of his session role of different biomolecules like Interleukin-3, RANKL in bone formation, Role of osteoclasts and osteoblasts and various case studies were explained. The session commenced at 2.30 p.m and ended at 3.10 p.m.

Name of Speaker:Dr. Anita Ahire

Designation:Associate Professor, VES College of Pharmacy, Chembur

Topic: Practical aspects involved in development and validation of bioanalytical methods for drugs.

Date: 27th November 2017

The second last speaker of the day was Dr. Anita Ahire from VES College, Mumbai. She delivered a seminar on 'Practical aspects involved in development and validation of bioanalytical methods for drugs'. She focused on Bioanalysis methods and its applications, Challenges involved in bioanalytical work. The entire Bioanalytical procedure was explained. Further stress was given on Choice of sample preparation and quantification techniques. She explained in detail Method Development for Bioanalytical methods. Importance of Q3 Guidelines for Analytical Method Validation, Calibration method, Determination of errors in bioanalysis and results were given. She also explained in detail the case study of Tolvaptan drug from bioanalytical aspect. Her session commenced at 3.15 p.m and ended at 4.00 p.m.

Name of Speaker: Dr. Shilpa Deshpande

Designation:Associate Professor, Priyadarshni JL College of pharmacy, Nagpur

Topic: Drug Metabolism Studies

Date: 27th November 2017

She explained the process of drug metabolism and gave a detailed overview of drug metabolism and its studies.

At the end of the sessions, a Poster completion was scheduled for pharmacy students. Many students showed their active participation in the competition. Many students in pune and around pune had registered their names. The completion was allotted by the speakers invited for the conference on that day.

On 28th November, the second day of the conference, our student volunteers gave a brief introduction about the speakers of that day and started with the session at about 9.00 a.m.

Name of Speaker:Dr. Virendra Gajbhiye

Designation:Scientist C, Agharkar Research Institute, Pune

Topic: siRNA Therapeutics and Bioanalytical Techniques

Date: 28th November 2017

Sir delivered a talk on siRNA Therapeutics and Bioanalytical Techniques. He commenced the lecture with history of RNA and siRNA. He explained the mechanism in detail. He reiterated importance of RNA in Cancer. Therapy. Many challenges that could be faced in this treatment was enlisted by him and explained. He also highlighted the proposed solutions for the challenges to be faced so far in this treatment. Various strategies to deliver RNA like Non-viral vectors, Cationic polymers, Liposomes, Cationic dendrimers, Nano-particles, Mesoporous silica nanoparticles (MSNP) were explained in detail. Then applications of siRNA therapeutics were explained. Next part of his session had the target genes in various types of cancer like Melanoma, myeloma, Neuroblastoma and many more. Additionally targeted genes for brain diseases, Viral diseases, eye diseases and other diseases were also explained. Synthesis scheme for nanoparticles as vector for siRNA, its characterization, its serum stability and biocompatibility of Nano carriers and the entire development phase was explained. Session started at 9.05 a.m and ended at 9.55 a.m.

[BACK TO OVERALL SUMMARY](#)

Name of Speaker:Dr. Mukul Pore

Designation:Director, INTOX Pvt.Ltd, Pune

Topic: Preclinical Development of Biopharmaceuticals (r-DNA Products)

Date: 28th November 2017

He gave an introduction of preclinical development of biopharmaceutical products and explained how these products are useful for the treatment of different diseases. Also he mentioned how these products are prepared and analysed.

Name of Speaker:Dr. Vandana Ghormade Scientist D

Designation:Agharkar Research Institute,Pune

Topic: Nanomaterials in biotherapeutics and bioanalysis

Date: 28th November 2017

She started her lecture from definition of nanoparticles and the scale by which they can be measured. Importance and applications of nanoparticles in Biotherapeutics and bioanalysis was explained. Structure of nanoparticle, various materials that can be used to prepare nano-particles, its properties, preparation, and characterization was highlighted. Nanoparticles for treatment of cancer therapy was explained. Chitosan coated LSMO nanoparticles for bimodal treatment of breast cancer was explained in detail with all stages of development, The lecture commenced at 10.40 a.m and ended at 11.25 a.m.

Name of Speaker:Dr. Amol Tagadpallewar

Designation:Assistant Professor, Sinhgad Institute of pharmacy. Pune

Topic: Advancement in Biotherapeutics

Date: 28th November 2017

He gave an overview of advancement in biopharmaceutical products.

Name of Speaker:Dr. Satish Poishettiwar

Designation:Professor Maharashtra Institute of Pharmacy Pune

Topic: New pattern clinical study of adverse drug reaction

Date: 28th November 2017

He explained clinical studies of adverse drug reaction. He mentioned about the protocols followed by different industries to identify and nullify these adverse drug reactions. He also highlighted the different methods followed to identify these reactions.

Name of Speaker:Mr. Akshay Shirodkar

Designation:Manager ,Emcure Pharmaceuticals Limited Pune,

Topic: Intellectual property rights

Date: 28th November 2017

He highlighted intellectual property rights like patents, trademarks, copyrights, designs, trade secrets. He explained patents, reasons for patenting, criteria for patenting such as novelty, non-obviousness and industrial applicability. He explained filing process of patent in India. Indian Patent Act 1970 was briefed. Concepts like New Drug Application (NDA), Abbreviated New Drug Application (ANDA), Orange Book was explained. He gave an overview of US pharmaceutical market and US patenting system. Terms like Para I, II, III and IV was reiterated. Patent infringement, Types of Patent Infringement analysis and various case studies were explained.

[BACK TO OVERALL SUMMARY](#)

Name of Speaker:Dr. M S Ganachari

Designation:Professor & Head, KLEU'S College Of Pharmacy, Belgaum

Topic: Issue with tissue: Ethical prospective

Date: 28th November 2017

He gave an overview of tissues, tissue banking, Genetic test, presymptomatic tests, testing protocols, ethical aspects, prenatal screening, screening of new borns and sample collection. He explained many aspects related to ethics in conducting the tests. He started at 2.35 p.m and ended at 3.25 p.m.

The other speakers Mr. Naushad Shaikh, Assistant Research scientist USV Mumbai gave a general overview of Biotherapeutic products in the market and its blooming importance in today's era. Dr. Santosh N. Mokale from Y. B Chavan College of Pharmacy, Aurangabad spoke about Innovative therapies for serious diseases and it scenario.

All sessions ended at about 5.15 pm. There was a Valedictory function conducted after the seminars. Our student volunteers Ms. Pragya Gigoo and Chaitrali Koli carried out the compering of the event and Ashika Shriyan proposed a Vote of Thanks. During the two day conference the PhD awardees of our college Mr. Devendra Shirode and Ms. Shubhangi Daswadkar were felicitated by the guests. Many student volunteers of our college helped in conduction of the conference. The conference was concluded with a High Tea.

8) Savitribai Phule Pune University sponsored One Day State Level Seminar on “Recent Advances in Impurity Profiling of Pharmaceuticals”

Savitribai Phule Pune University sponsored One Day State Level Seminar on “Recent Advances in Impurity Profiling of Pharmaceuticals” was organised on 25th November 2017

Felicitating of Chief Guest Dr. Prashant Thakker, Principal –Area Technical manager, Colorcon Asia Pvt Ltd, Mumbai at the hands of Mr. U. R. Deshpande, CFO, DYPEC, Akurdi during One Day State Level Seminar on “Recent Advances in Impurity Profiling of Pharmaceuticals” on 25th November 2017

Savitribai Phule Pune University sponsored One Day State Level Seminar on “Recent Advances in Impurity Profiling of Pharmaceuticals” was organised on 25th November 2017 in the seminar hall of Dr. D. Y. Patil of Pharmacy, Akurdi. The session commenced with Lamp lighting ceremony and the inauguration of the dignitaries present.

Mr. Prashant Thakkar, Principal –Area Technical manager, Colorcon Asia Pvt Ltd, Mumbai, was felicitated as the Chief Guest of the event. Further, Ph.D. Awardee – **Dr. D.S. Shirode** was felicitated by the Chief Guest. **Dr. N. S Vyavhare, Principal, Dr. D. Y Patil College of Pharmacy, Akurdi**, addressed the students with importance of Impurity Profiling of Pharmaceuticals. **Ms T. A Deokule, Assistant Professor, Dept. of Pharmaceutical Chemistry (DYPCOP)** was the Co-ordinator of the event and gave an Overview of the seminar. This was followed by the speech of the Chief Guest, Mr. Prashant Thakkar. Our student Ms. Pragya Gigoo proposed a Vote of Thanks.

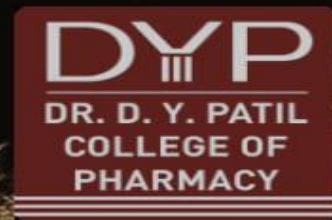

[BACK TO OVERALL SUMMARY](#)

The first speaker, **Dr. Ashok Chaudhari, Principal Scientist - Analytical Method Development and Impurity profiling**, gave an overview of “**ICH guidelines on Impurities**”. He gave an overall view of impurities, its types, sources, limits of impurities as per ICH guidelines and various other aspects of impurity profiling. The second speaker was **Dr. Rajendra Bandgar Associate Director, Development Quality Assurance, Lupin Research Park, and Pune**. He delivered a session on ‘**Overview of Impurities**’. He focussed on - Evolution of concept of Related Substances in Pharmacopoeias, Genotoxic impurities, Recent updates on ‘Elemental impurities’, Regulatory aspects of Impurity profiling and calculations for Thresholds of impurities as per the dose. Post lunch, the third speaker, **Dr. Sarita Pawar, Associate Professor and Head, Department of Pharmaceutical Chemistry, Sanjivani College of Pharmaceutical Education and Research, Kopergaon**, highlighted on the topic, ‘**Qualification in Impurities**’. She enlightened the audience on basic Degradation pathways of impurities, ICH classification of Residual solvents, Forced degradation studies, Case study of Ibuprofen and various other drugs. The fourth speaker, **Dr. Ravindra Badhe, Associate Professor, Dr. D.Y Patil Institute of Pharmaceutical Sciences and Research, Pimpri**, delivered session on ‘**Impurity Profiling in Biologicals – An overview**’. He covered various aspects of Manufacturing of Biosimilars, Transgenic animals, Regenerative medicines, Specifications of biologics, ICH Q6B guidelines and various challenges that arise in impurity profiling of biologicals. The session ended with the valedictory function.

Date:05/10/2017

Name of Speaker: Mr.VikramS.Gharge

The guest lecture on “IPQC AND QC of Tablets as per IP,BP,USP” was successfully conducted by, Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune. The lecture began with introduction of :Mr.VikramS.Ghargeand was followed by the felicitation. The objective of this guest lecture was to provide the students the knowledge to produce a perfect finished product by preventing or eliminating errors at every stage in production . The sir enhanced the students about in-process quality control (IPQC) tests are strongly related to final product quality because checks performed during production in order to monitor and if necessary to adjust the process to ensure that the product conforms to its specification are the key for good quality pharmaceutical tablets.Students were really very enthusiastic during the session.

Report of Expert Talk

Topic: Lyophilization product line overview

Date: 23/09/2017

Name of Speaker: Mr. Sachin P. Gorade, Production Manager, Emcure Pharmaceutical Ltd, Hinjewadi, Pune

A guest talk on “Lyophilization product line overview” by Mr. Sachin P. Gorade, Production Manager, Emcure Pharmaceutical Ltd, Hinjewadi, Pune, was organized on 23th September 2017.

Mr. Sachin P. Gorade initiated talk with explaining importance of lyophilization process in pharmaceutical industry and basic principles involved lyophilization process. A key point of session was:

- Lyophilization Process Overview
- The Scale-Up Challenge
- Current Development Paradigm
- Physics of Primary Drying
- High level primary drying

Sir also provided insights about actual use of lyophilization process in industry and lyophilized marketed formulations.

Session was ended by a small question and answer session wherein doubts of few students were addressed by speaker. The lecture has proven to be very inspiring and informative for the students.
