Report

Date: 07/04/2022 to 13/04/2022

Attendees: 53

Name of Speaker: Mr. Imran Shariff

Designation: Soft Skill Trainer

Topic of Session: Barclays Life Skills Training Programme in association with Global Talent Track

Organization: Barclay's Job Readiness Program

POs attained from the session: PO2, PO5, PO6, PO8, PO9, PO11

The Session was based on information to excel in your career by using certain skills which are required to succeed. Depending on your role, there are two types of skills namely hard skills and soft skills. Soft skills are personality traits and behaviors. Unlike technical or 'hard' skills, soft skills are not about the knowledge you possess but the behaviors you display in different situations. It's obvious why soft skills are paramount to getting ahead in the workplace. While hard skills are important for completing technical tasks, strong soft skills will make you the kind of an employers want to hire, retain and promote. Trainer, Mr. Imran Shariff focused on the different aspects of soft skills, prerequisites of an interview, resume building, do's and don'ts during an interview, group discussion and guided students to recognize their strengths and weaknesses.

Notice regarding Personality Development Session by Mr. Manoj Jograna on date 29/12/2021

Activity 3

Report

Date: 29/12/2021

Attendees: 100

Name of Speaker: Mr. Manoj Jograna

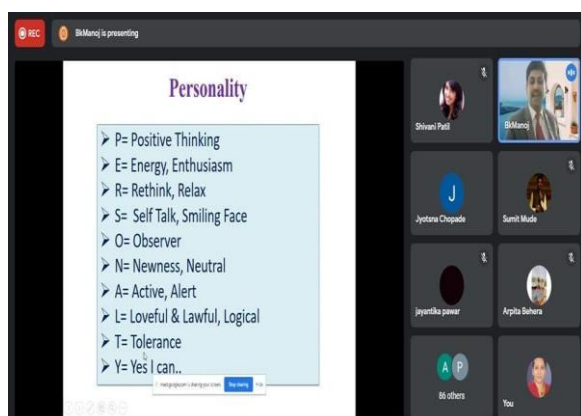

Designation: Assistant Professor

Topic of Session: Personality Development

Organization: Shankarrao Ursal College of Pharmacy, Kharadi

POs attained from the session: PO2, PO5, PO6, PO8, PO9, PO11

The first step towards developing a great personality is feeling confident in your own skin. One of the most important ways to do that is to not compare yourself with others. Mr. Manoj Jograna Assistant Professor at Shankarrao Ursal College of Pharmacy, Kharadi, Pune started the session by introducing Personality development to the pupils. He explained that "Personality development is a method of refining how we feel, contemplate, act, and carry ourselves in front of others." It is the process of bettering and grooming your outer and inner self to impact your life positively. He also stated how personality development is essential not only for employees or working professionals but also for all pupils who have a bright future ahead of them. He also expressed the importance optimism, in general, is what permits you to progress and grow in life. If you're the polar opposite of an optimistic personality a pessimist - you'll simply think about your existing life experiences, which doesn't allow growth. He also gave meaning of Personality as P - Positive Thinking., E- Energy, Enthusiasm, R-Rethink, Relax. S- Self Talk. Smiling Face, O: Observer, N- Newness, Neutral A - Active, Alert, L-Loveful & Lawful, Logical, T-Tolerance, Y -Yes I can.

POs attained from the session: PO2, PO5, PO6, PO8, PO9, PO11

The event was organized under the guidance of Mr Sandeep Kshirsagar sir and the Yoga trainer was Rajesh Pore from Dr. D.Y. Patil Institute of Engineering Management and Research at the Library of Dr. D.Y. Patil College of Pharmacy, Akurdi, Pune. On 19th April 2022 at 9 am around 100 attendees actively participated at the event which included Faculty Members and Students also. People learnt major outcomes for the health from the event. Yoga is a physical, mental, and/or spiritual practice attributed mostly to India. The Indian Prime Minister Narendra Modi in his UN address suggested the date of 21 June, as it is the longest day of the year in the Northern Hemisphere and shares special significance in many parts of the world. Yoga is an invaluable gift of India's ancient tradition. It embodies unity of mind and body; thought and action; restraint and fulfilment; harmony between man and nature; a holistic approach to health and well-being. It is not about exercise but to discover the sense of oneness with yourself, the world and the nature. By changing our lifestyle and creating consciousness, it can help in well-being. Let us work towards adopting an International Yoga Day.

Report

Date: 04/12/21

Attendees: 47

Name of Speaker: Dr. Prajakta Kulkarni

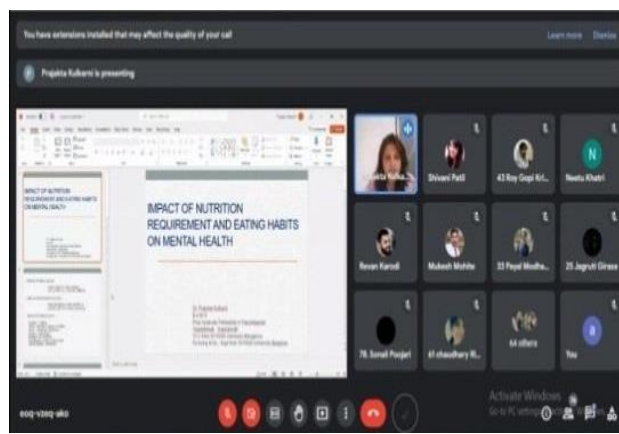

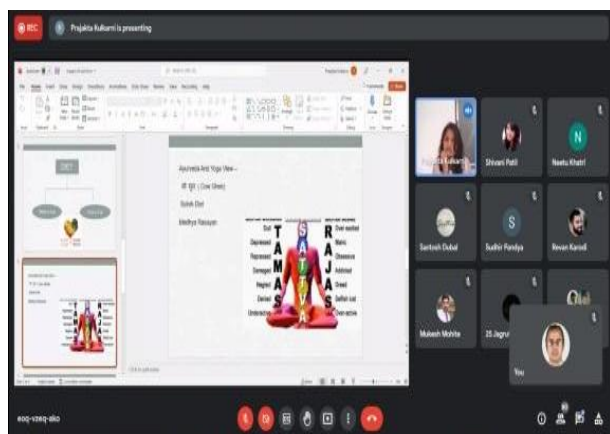

Designation: Ayurvedic Consultant & Practitioner

Topic of Session: Significance of diet in mental health

Organization: Sneh Chikitsalaya and Panchkarma Center

POs attained from the session: PO2, PO3, PO6, PO9, PO10, PO11

When you stick to a diet of healthy food, you're setting yourself up for fewer mood fluctuations, an overall happier outlook and an improved ability to focus. A healthy, well- balanced diet can help us think clearly and feel more alert. It can also improve concentration and attention span. Conversely, an inadequate diet can lead to fatigue, impaired decision-making and can slow down reaction time. The sessions covered aspects of Significance of diet in mental health - From vitamins and minerals to healthy fats and fiber, all nutrients play a role in brain health and function. Following a healthy pattern of eating is linked with better stress management, improved sleep quality, increased concentration, and better mental wellbeing in general. A healthy diet helps children grow and develop properly and reduces their risk of chronic diseases, including obesity. Adults who eat a healthy diet live longer and have a lower risk of obesity, heart disease, type 2 diabetes, and certain cancer. Dr. Prajakta also explained about One Health...One Welfare...One Environment concept and how Human and animal health are interdependent on each. This was followed by inputs regarding future directions in dealing with challenges. This was followed by Q&A session.

Name of Speaker: Dr. Shrikrishna Joshi

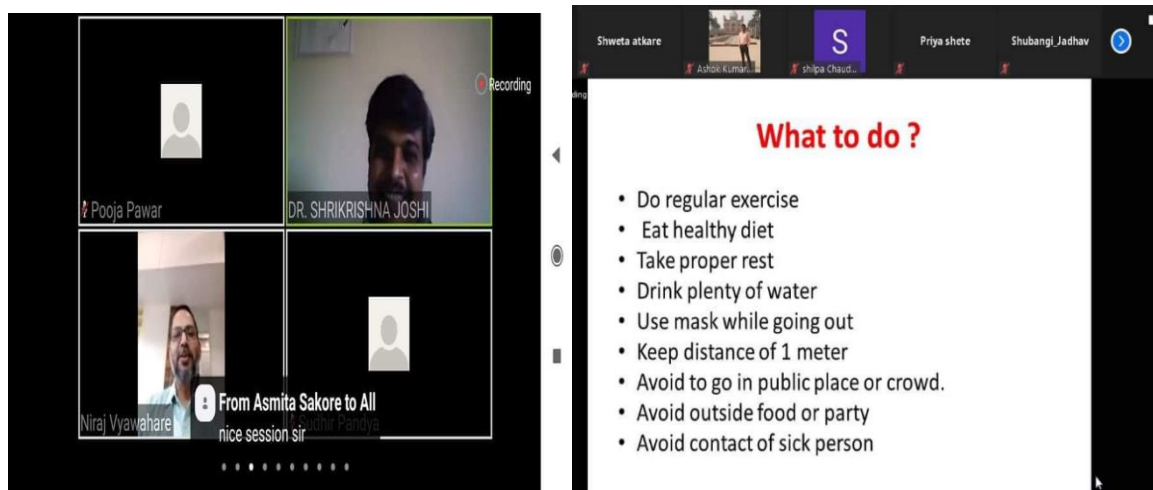

Designation: Executive Asst. to MD

Organization: Lokmanya group of hospitals, Pune

Topic of Session: How to live with the virus and fight it

POs attended from the session: PO1, PO5, PO8, PO9, PO10, PO11

Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune while staying dynamic with the current scenario raised the bar of deliberations when the webinar platform was set for “How to live with the virus and fight it” by Dr Shrikrishna Joshi, Exe Asst to MD Lokmanya Group of Hospitals, who in his lucid but explicit words laid stress on improving immunity which can be easily promoted by hygiene and healthy lifestyle practices. He also suggested nine major points to improve immunity which included get enough sleep, eat more whole plant foods, eat more healthy fats, eat more fermented foods or take a probiotic supplement, limit added sugars, engage in moderate exercise, stay hydrated and manage your stress levels. Dr. Joshi in his webinar deliberation has urged not to fall prey to rumours and follow the guidelines laid by WHO /UNICEF, as that, at present shall help us through the turbulent situation, till humanity meets the vaccination schedule which we all eagerly await.

Report

Date: 20/08/2019

Attendees: 35

Name of Speaker: Swami Shrikantanand Maharaj

Designation: President of Pune Math

Organization: Pune Math

Topic of Session: Secret of Concentration

Pos attended from the session: PO1, PO9, PO11

Swamiji interacted with the students on the importance of concentration. He talked about the current generation especially the 21st century youth and the bewilderment that is seen in their eyes. The difficulty in focusing on things and thereby making right decision is somewhere missing in this youth. He made them aware that why it is important to stay focused on one aspect at a time. He told everyone that this will result in more fruitful outcome instead on working on too many things at a time. He mentioned the various tricks that a student can follow in their life to have a thorough concentration. At the end he concluded by making the students understand the ability to focus on one single thought or subject excluding else from the field of awareness.

Name of Speaker: Akanksha Didi

Designation: Rajyog Teacher, Self-Management trainer,
Youth wing member

Organization: Prajapita Brahmakumari Vishwavidyalaya

Topic of Session: Values of Life

Pos attended from the session: PO1, PO9, PO11

The construct of values is centre point of human life. In the last two decades there has been a growing psychological research that investigates the content, structure and consequences of personal values in many cultures. Akanksha Didi talked about the cross-cultural perspectives and its impact on oneself. She said that personal values are subjective in nature, and reflect what people think and state about themselves. Considering this human beings shall understand how values impact their lives in long run. She asked individuals to focus on their attitude towards a problem to attain their goals. The session concluded by making the students realize the importance of values in their life because they help us to grow develop and to create a future we want to experience.

Report of Expert Talk

Topic: Communication and presentation skills

Date: 22/09/2018

Name of Speaker: Dr. Shalaka. S. Parker, Dean, Soft Skills of Dr. D. Y. Patil Prathishthan, Akurdi, Pune.

Communication skills enhance a person's ability to interact with the environment and have become a basic requirement in today's world. We live in highly interactive social spaces and failure to effectively express and convey our meaning can lead to misunderstandings in both professional and personal relationships.

As a result, it is desirable to acquire and practice communication skills in order to establish and sustain meaningful relationships in social, personal and professional spheres. guest lecture on "Communication and presentation skills" was successfully conducted by Dr. Shalaka Parker on 22/09/2018.

The objectives of this guest lecture was to develop and enhance communication skills with special focus on interactions in the workplace, expression and presentation of ideas as well as structured and organized written communication in the form of reports. So, we had, Dr. Shalaka Parker who initiated her session with executive summary of,

- The communication process: An overview
- Communication at the workplace: listening, speaking, reading, writing
- Non-Verbal Communication
- Effective Communication
- Presentation Skills and Public Speaking
- Report Writing: Critical thinking, Structuring and the process of writing

Thus, the session was interactive by thought provoking questions posed by Dr. Shalaka Parker, to the students. In her session she also elaborated about area where student need to develop themselves like pharmacy knowledge, thinking abilities, planning abilities, leadership skills, professional identity, communication skills etc. The session has proven to be very inspiring and informative for the students. Vote of thanks was given by student representative Ms. Rasika Wagh.

Report of Expert Talk

Topic : Introductory session on Mind Education

Date : 08/01/2018

Name of Speaker : Mr. Rajesh Mishal, Director, International Youth Fellowship (IYF), Pune

A guest lecture on "Introductory session on Mind Education" for First to Third Year B. Pharm was organized on 08th January 2018 at Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune. Mr. Rajesh Mishal, Director, IYF, Pune was the Guest Speaker

Talk initiated with introduction of International Youth Forum (IYF) and included that how IYF is helping youth of these countries to develop strong minds that the future leaders must possess.

Mr. Rajesh Mishal emphasized more on having a right mindset in order to have successful life. He stated that success is not measured by ones qualification, wealth or status; instead it is measured by how much one fails and fought back. He also added that one should study the efforts and deliberate determination of successful people instead of admiring only their success. Also spoke on positive changes in the society and state are possible if only we as an individual acquire right mindset.

The programme consisted of dance, music and songs along with the Mind Session. Mr. Rajesh Mishal explained the levels of mind and its ability with few examples of Hyundai & Samsung and also showed videos for better understanding of the concept.

The lecture has proven to be very inspiring and informative for the students.

Felicitation of guest was done by Dr. Pallavi Chaudhari, Associate Professor, Department of Pharmaceutics

Topic: Environmental awareness

Date: 29/07/17

Name of Speaker: Prof. M. B. Nichit, Dr. D. Y. Patil Agriculture Business Management

Environmental awareness is to understand the fragility of our environment and the importance of its protection. Promoting environmental awareness is an easy way to become an environmental steward and participate in creating a brighter future for our children. Thus to educate the faculty members about guest lecture of topic "Environmental Awareness" Prof.M.B.Nichit was organized by Dr. D. Y. Patil College of Pharmacy, Akurdi on 28th July 2018

The objective of the lecture was to "To define environmental awareness we must first understand the environmentalist movement. Environmentalism is an ideology that evokes the necessity and responsibility of humans to respect, protect, and preserve the natural world from its anthropogenic (caused by humans) afflictions."

Environmental awareness is an integral part of the movement's success. By teaching our friends and family that the physical environment is fragile and indispensable we can begin fixing the problems that threaten it.

How to Promote Environmental Awareness

The speaker began in an interesting tone and stressed the importance and meaning of environmental awareness. When learning about the environment's declining health it is easy to feel discouraged, but what keeps us fighting for a healthy world is the future of our children. They should not have to inherit our environmental problems and in order to keep their future bright, spreading awareness is imperative.

Before you can begin promoting environmental awareness in your own community you must first make sure that you have a thorough understanding of environmental issues. Staying up to date on environmental news and reading comprehensive books about environmental threats are both great resources, but if you're the type of person who prefers a more interactive approach, attending environmental seminars is a great option.

Thus, the session was interactive by thought provoking questions posed by Prof. M. B. Nichit. to the students. In her session she also elaborated about area where student need to develop themselves like pharmacy knowledge, thinking abilities, planning abilities, leadership skills, professional identity, communication skills etc. The session has proven to be very inspiring and informative for the students. Vote of thanks was given by student representative

HTML is the standard markup language for creating Web pages and it describes the structure of a Web page. A very informative session was conducted by Mr. Mahesh Sarje Assistant Vice President at Credit Suisse, Sinhgad Road, Pune. He introduced the topic html by explaining the term Hyper Text Markup Language or HTML which is the standard markup language for documents designed to be displayed in a web browser. He also mentioned that it can be assisted by technologies such as Cascading Style Sheets (CSS) and scripting languages such as JavaScript, HTML.(Hypertext Markup Language).

He also noted that HTML gives authors the means to:

- * Publish online documents with headings, text, tables, lists, photos, etc.
- * Retrieve online information via hypertext links, at the click of a button.
- * Design forms for conducting transactions with remote services, for use in searching for information, making reservations, ordering products, etc.
- * Include spread-sheets, video clips, sound clips, and other applications directly in their documents

He expressed that with HTML, authors describe the structure of pages using markup. The elements of the language label pieces of content such as "paragraph," "list," "table," and so on. Al so he gave information about the different tags used in HTML

Report on No App

Date and time: 21/01/2020 (Friday 11.00am)

Topic of Session: NO App

Name of Speaker: Ms. Rashmi Chaubukswar

Designation: Consultant

Organization: Bayer Prayas NGO

Attendees: 109

Pos attended from the session: PO1, PO3, PO4, PO8, PO9, PO11

Learning outcomes of the session:

At the end of this lesson, learners will be able to know about the new online application which will be helpful in any dangerous situation.

Dr. D. Y. Patil College of Pharmacy, Akurdi, Pune had arranged a guest lecture on "No App" it was delivered by Ms. Rashmi Chabukswar. In this guest lecture the speaker explained the students about the importance of security of women at workplace and in the society. Women have the right to be free from violence, harassment and discrimination. Removing the barriers of an unsafe environment can help women fulfil their potential as individuals and as contributors to work, communities and economies. This app that is been introduced provides that security just at one click. On clicking just once the location of the device is being sent to the contacts set in the emergency contacts. The app will also send the same information to concerned authority and the person in trouble can get help as soon as possible. The session was very helpful and informative about the various laws and acts past regarding the women security. One of the student representative proposed the vote of thanks for such a wonderful and informative lecture.

Report on Computer System Validation

Date and time: 17/02/2020 (Monday 11.00am)

Topic of Session: Computer System Validation

Name of Speaker: Mr. Shrinivas Inamdar

Designation: Consultant

Organization : Q Force Pharma Consulting LLP,Pune

Attendees: 86

Pos attended from the session: PO1, PO3, PO6, PO9, PO11

Dr. D. Y. Patil College of Pharmacy Akurdi, Pune had arranged a guest lecture on the topic Computer System Validation which was delivered by Mr. Shrinivas Inamdar. Computer System Validation is confirmation by examination and provision of objective evidence that software specifications conform to user needs and intended uses and that the particular requirements implemented through software can be consistently fulfilled. Q Force Pharma Consulting LLP is professionally managed consulting company focused on quality and compliance for life science companies. They provide Pharma Regulatory Services and Training like GxP Audits, CSV Services, Data Integrity and Staff Augmentation. The students of Dr. D. Y. Patil College of Pharmacy took great interest in this session as it was of great importance for their future and would make great career in this type of field. As the computer system validation would discover defects before a system build goes live and reduces compliance risk. It will also provide companies with continuous improvement and maximize the system efficiency. It is also beneficial in reducing both the operating and labor cost.

Mr. Shrinivas Inamdar guided the students about how the Computer System Validation would change the future of the Pharma industry and make the life easy for the professionals working in the field

Report of Expert Talk

Topic: Teaching with Animation

Date: 09/09/2017

Name of Speaker: Dr. Anwar Shikh, Professor, Allana College of Pharmacy, Pune.

Current educational use of animation suggests two main roles in learning. First purpose of animation in academics is to fulfill a cognitive function. In this role, animations are intended to support students' cognitive processes that ultimately result in them understanding the subject matter.

As a result of affective learning tool that attracts attention, engages the learner, and sustains motivation aspect. Such Affective Animation Training is not focused on facilitating comprehension of any academic subject matter itself and often portrays activities that are interactive, creative, fun and motivational, guest lecture on "Teaching with Animation" was successfully conducted by Dr. Anwar Shikh, 09/09/2017.

The objectives of this guest lecture was to enhance, develop & strengthen your students talent and skill set, Strong tools to teach foundation of animation, promote creativity and motivate students, Incorporate animation into different subjects to create more engaging presentations. Develop story telling skills. Emphasis's development of students' skills and understanding of creating and responding.

- Enables students to apply Imagination & Rational Thinking.
- Enables students to invent and explore multiple solutions to a problem.
- Enables students to understand the value of reflection and critical judgment in creative work.
- Facilitates positive peer interaction, including receiving and using feedback.
- Encourages self-motivation to create and problem solve.
- Uses artistic literacy as a natural enhancement to learning in other content areas.
- Fosters positive attitudes toward Art & Animation.
- Introduces career possibilities.

Learning Outcomes

By the end of the course participants will understand the nuances of advanced Teaching with Animation. He had emphasis on the following thing.

1. Better understanding

Even the most professional and experienced educators have problems in explaining their complicated knowledge to learners. Things that are piece of a cake to a lecturer could be 10 times or more challenging from a learner's perspective.

Then it takes time, in fact, lots of time explaining over and over again to help learners have the best vision of what information they are consuming. And during such time, there is a chance that learners lose their interest in the topic then become unwilling to learn.

So here is a shortcut, as well as a solution: Animations.

Animations easily visualize and simplify anything no matter how complex it is. Believe it or not, one minute of online video equates to about 1.8 million written words, according to Forrester
